VOLUME 4. MARYVILLE, MISSOURI, WEDNESDAY, SEPT. 10, 1913. NO. 85.

AN OLD TIME FAIR

ST. JOSEPH TO HAVE INTER-STATE FAIR SEPT. 22 TO 27.

BIG LIVE STOCK SHOW

All Kinds of Good Things Promised—And a Hearty Welcome To All.

To be the host of one hundred and fifty thousand people is a big undertaking, and yet, St. Joseph, with its eighty thousand enthusiastic citizens are determined to do the proper thing when their country kin pay their annual visit to the Inter-State Fair and Live Stock Show, to be held during the entire week of September 22 to 27.

The fair management have selected a "slogan" and one that is applicable in every way to express the hospitality of St. Joseph. "The City with a Heart and Soul for Its Visitors."

The fair will be by far the most pretentious project undertaken by the Buchanan county capital. It will combine all of the features of the South St. Joseph live stock show, the Robidoux fall festivities, and a real old fashioned county fair and race meeting. To stage the exposition the commercial interests of the city have raised $50,000, and formed an association under the auspices of which the fair is to be given. None of the stockholders expect to have a single dollar of this money returned, but will be more than content if the fair becomes a perpetual possibility and nets enough to cover the amount originally raised. If their hopes are realized this money will be diverted to the association treasury and used to stage the fair next year. In other words, the project will become permanent, and will be used as an advertising medium for the territory adjacent to St. Joseph.

Every Day a Big Day.

Every day of the entire week will be featured. The opening day—Monday, September 22—has been claimed by the St. Joseph Boosters club, an organization of 3,800 members, headed by W. H. Gordon, its president, with a phalanx of real boosters who have determined to make the Interstate fair a "bear."

Tuesday will be known as "St. Joseph Gala Day," when all the business houses will close to pay homage to its city's best effort. Children under 12 years will be admitted free.

Wednesday all of South St. Joseph, the progressive market town, is going to have a regular "home coming" event.

Thursday is for the farmers, and several train loads of implement men as special entertainers.

Friday is to be the reunion day of the four states, when all of Missouri, Kansas, Nebraska and Iowa are going to get together for a monstrous picnic to get acquainted with each other for the betterment of their interstate interests.

Saturday, the day "The Drummers" come home. All the large army of St. Joseph's traveling salesmen are to be there and become better acquainted with their employees and customers, for this day is to have double significance by being combined with the interstate manufacturers and jobbers day. Both Friday and Saturday are of especial note from the fact that the Northwest Missouri Press association hold their annual convention in St. Joseph and will be guests of the board of managers and Mrs. James Watson of Dearborn, Mo., who is preparing a regular old-fashioned chicken dinner for them. President Todd and the executive board will devise plans to incorporate an interstate organization of the newspaper world at this meeting and have invited every newspaper man of the four states to be their guests.

The Cattle Hogs and Sheep.

Secretary W. J. Cole promises the biggest cattle and live stock show ever given in St. Joseph. Carpenters are now busy day and night building suitable quarters to care for an unexpected extra rush of all kinds of live stock. The farm product exhibit will be very elaborate and the art, textiles to make up the show.

One of the best features of the show is going to be the educational department, under the care of the superintendent of public schools, Prof. J. A. Whiteford. The country schools will be represented, twenty or more of the rural teachers having at this early date arranged for space to exhibit.

"Frolic avenue" is where the fun will be. The Herbert A. Kline shows, which are considered to be the leaders in this particular line of amusements,

(Continued on page 3.)

WAIVED HEARING.

"Smoky" Schooling, Colored, Was Bound Over to the September Term.

"Smoky" Schooling, who has been colored porter at the Strong's barber shop on North Main street, waived his preliminary hearing Wednesday morning before Justice R. L. McDougal and was bound over until the September term of circuit court. Schooling is charged with assault with intent to kill and carrying concealed weapons. His bond was fixed at $500 and was given with Adolph Lippman as surety.

GARNER IS HELD.

Was Bound Over to the District Court at Emporia, Kan.—Mrs. Holbrook Will Be Held.

A dispatch from Emporia, Kan., says that William J. Garner was bound over to the district court there Tuesday. Garner is the man who was arrested here last Saturday on a white slavery charge for bringing Mrs. Gertrude Holbrook into this state for immoral purposes. The woman is being held as a witness, and her two children are under the care of the probate court.

BIG TIME FOR BEDFORD.

Three Days of Base Ball and Aeroplane Flights Opens Today.

Three days of base ball and aeroplane flights opens at Bedford today. Two flights each day by Capt. J. H. Worden have been scheduled for this event, and, with favorable weather, immense crowds are expected.

Bedford, Lenox, Villisca and Stanberry teams have been scheduled to meet in the series of base ball games.

The tournament and flights will take place on the fair grounds in Bedford, where the seating capacity will be ample.

URGED TO ADOPT FREE BOOKS.

Still Time to Get in Under New Law, Says State Superintendent.

In an official statement issued Tuesday, State Superintendent of Schools W. P. Evans urges officers of school boards to take advantage of the Orr free text book law, passed at the last session of the legislature.

Superintendent Evans points out that it is not too late for the schools to take advantage of the provisions of this law for this year, and that the state aid will in most instances defray the entire cost of purchasing text books, thus materially increasing the attendance at the public schools.

The amount available to all districts that take advantage of the law will be 32 cents per capita for each child of school age in each county or district.

The statement of Superintendent Evans in part says:

"St. Louis, Cape Girardeau, Chillicothe and Kansas City have adopted free text books in accordance with the recently enacted Orr free text book law.

"There are in every district some children whose school attendance is limited by the expense of school books. There are few parents who would not gladly forego the purchase of them. Free text books would greatly simplify the work of the attendance officer.

"Boards of education should at once give notice of a special meeting to vote on this proposition. No petition is necessary. After fifteen days notice in the usual way a majority of those voting will carry the measure. Then by the middle of October the books for the four lower grades may be bought and the state aid be obtained from the county court in November.

"The advantages are just as great in the rural schools as anywhere. Many of them have transient pupils and the burden of frequent removals with changes of school books is grevious to the parents.

"The teacher should have authority to destroy at once all books in the hands of children with contagious diseases. The state department will soon issue advice in regard to the care of free text books."

Purchased Property.

Verne Wray has purchased the residence property of Mrs. Lafe Hagins, on West Seventh street. He will take possession October 11. Mrs. Hagins has leased an apartment in the Christian Scientist church home. The Andy Hawkins property which Mr. Wray has been occupying, will be taken by C. M. Baker.

Miss Bertha Hale returned to her home in Barnard Tuesday afternoon, after a two weeks' visit with her sister, Mrs. James Woodburn.

Miss Theodosia Jackson, who has been visiting Miss Marie Brink, left Wednesday morning for her home in Hardy, Arkansas.

SEVERELY INJURED

ALBERT CROCKET NARROWLY ESCAPED BEING CUT TO PIECES.

TAKEN TO ST. JOSEPH

In Auto, Where He Was Placed in Hospital—Chances for Recovery Are Small.

Albert Crocket, 21 years old, son of Roy Crocket, narrowly escaped being cut to pieces by the knives of a silage cutter with which he was working Monday, on the farm of Don Wall, two miles east of Whitesville. He was pulled away from the machine by Fred Swan, but not before the heel of one foot had been crushed in the cog wheels, a severe cut received over the heart and all the clothing being torn from his body.

Swan and Crocket were working side by side, the former feeding the machine and the latter oiling it. A set screw broke, and they removed the shields that cover the cogs in order to fix it. When a new screw had been put in the shields were not replaced. A moment later the wind blew the sleeve of Crocket's jacket into the cogs, and he was pulled into the machinery. In his effort to extricate himself he fell in front of the knives. Swan's quick work saved him. His injuries are very severe, his heel being ground to pieces and the cut over his heart is deep. One rib was broken, also, and the body stripped of all its clothing.

Mr. Crocket was put into his father's auto and started toward St. Joseph. The roads were muddy and the car had not gone far before it skidded into a ditch. It was dragged out by a team of mules from a nearby farm and went on to St. Joseph, where the injured man was put in a hospital. He has a chance for recovery, but only a very slight one.

CORN LOSS FROM DROUGHT.

The Crop Was Cut 750,000,000 Bushels in July and August.

The drought in the west caused a loss of 420,000,000 bushels of corn in August, in addition to the loss of 330,000,000 in July, bringing the present corn prospect down to 2,251,000,000 bushels, 870,000,000 bushels less than the final estimate of the 1912 crop. These are the figures indicated by the September government crop report, published Tuesday at Washington, D. C. It makes the condition of corn for the entire country 65.1, compared with 75.8 a month ago and 82.1 a year ago.

An increase in the estimate of the spring wheat crop makes it 243,000,000 bushels, making the combined crop of winter and spring wheat of the country 754,000,000 bushels, the greatest wheat crop ever produced, 34,000,000 bushels more that last year's, exceeding the record crop of 1901 by 6,000,000 bushels.

The condition of white potatoes deteriorated to such an extent that the August estimates of that crop were reduced by 14,000,000 bushels to 325,000,000 bushels, 96,000,000 bushels less than a year ago.

WELLS ARE ADEQUATE THERE.

Shenandoah Has Had Water All Along While Other Towns Have Been Out.

The folks who live in Shenandoah have been able to enjoy the privilege of using all the water they wanted, freely and without curtailing at all, owing to the efficiency of our city water supply. We have, in times not very distantly past, heard a lot of complaints about the water situation, and the new well, and pumping with the electric current, and a good many of the things incident to the general situation. But the great fact stands out prominently now, when the time of the water famine has come to so many of our neighboring towns, that the Shenandoah supply is standing right up, supplying every need.—Shenandoah World.

WENT "DRY" IN ELECTION.

Moniteau County Votes to Do Away With Saloons, So Does Lebanon.

Moniteau county, Missouri, voted "dry" Tuesday by a majority of 179 in the local option election held there.

Lebanon, Mo., also voted to do away with the saloons in an election held Tuesday, being the second time the "drys" have been victorious over the "wets." The "wets" were defeated by a majority of 174.

Miss Nell Hudson went to St. Joseph Wednesday morning to spend the day.

BUILDING NEW DAM

EXCAVATION WORK AT WATER PLANT FINISHED TODAY.

GOOD FLOW OF WATER

Work of Ditching Discontinued—Ice Wagons Are Making Routes—Ice is Being Manufactured.

The excavation work for the new dam at the city water plant was finished today and the concrete work will start Thursday. The cement for the concrete work has been ordered and will be here Thursday and the gravel is already on the ground.

The dam is to be sixteen feet high and has a solid foundation of clay. It will have a twelve-foot base and will slope to the top. There will be two big gates in the dam.

It will probably take two weeks to complete the work, but rain will not greatly interfere with the work, since the excavation is completed.

The jingle of the bells announcing the ice wagon was heard all over town today, and for the first time in nearly two weeks the refrigerators in the homes were filled again. Ice is being manufactured here now as fast as it is used, and there will be deliveries at least every other day.

The work of ditching the river stopped today. Such a good flow of water is coming down the channel now that Manager Denny thought it unnecessary to continue the work. However, he has an engine and pump ready to go up the river and pump out the pools at any moment if the supply should suddenly get low or give out. The rain of last night was not enough to effect the flow of the river.

Work on the test wells will begin as soon as an expert can be obtained to come here and look the ground over. The wells are to be sunk at least 200 or 300 feet, and if this does not bring satisfactory results they may be sunk deeper.

ATE NO SUGAR, BABY A BOY.

Duke of Roxburghe Believes Former May Goelet's Dieting Proves Sex Control.

London, Sept. 9.—The Duchess of Roxbeurghe, formerly Miss Mae Goelet of Newport, R. I., gave birth to a son Sunday night at Chesterfield house. The parents resorted to science to control the sex of the child, the duchess refraining from sweets in her dieting.

The duke and duchess were married in 1903. The duke's brother, Lord Alastair Robert Innes-Ker, had, up to the present, been the heir presumptive to the dukedom and its 60,000 acres.

The duchess and baby are doing well. The child will assume the title of Marquis of Mowmont.

The birth of an heir to the dukedom has caused widespread joy in the border country, where the family wields immense influence. Bonfires blazed from the hill tops and all kinds of festivities were indulged in by the people of Haddingtonshire.

The baby is a boy, according to the duke, principally because his mother ate no food containing sugar for months before his birth.

In announcing the birth the Duke of Roxburghe admitted that his wife practiced this form of eugenics and said that they both attributed the sex of the infant to this.

Desiring a male heir to the dukedom, the duchess went to Vienna in 1909, and there consulted Dr. Leopold Schenk, a noted scientist, who is a world-famous authority on embryology.

He is connected with the university at Vienna and has given much study to the prenatal determination of sex.

Dr. Schenck advised the duchess and she followed instructions.

Funeral Held This Afternoon.

The funeral of Wilbur Curnutt, who died Monday, was held at the home of his parents, Mr. and Mrs. John Z. Curnutt, at 2 o'clock this afternoon. It was conducted by Rev. Gilbert S. Cox, and interment took place in Miriam cemetery. The pall bearers were Magnus Tate, Ed Gray, Edison Blagg, Harold McNeal, Elmore Frank and Fred Bellows.

Music was given by a quartet composed of Mrs. Charles Thorp, Miss Nellie Wray, Prof. P. O. Landon and Harry Mutz, with Miss Lucile Airy as pianist.

A marriage license was issued Tuesday afternoon to Carl Kernen of Bedford, Ia., and Estella Pride of Maryville.

HAD LEG BROKEN.

Fred Shell Was Thrown From Horse This Morning and Leg Broken Above the Ankle.

Fred Shell, who lives near Wilcox, was thrown from his horse when it ran away this morning and his leg was broken above the ankle. Mr. Shell is a young man 24 years old and is the son of Henry Shell.

WERE SELECTED AS DELEGATES.

S. G. Gillam and Anderson Craig of This City to Represent State at Southern Commercial Congress.

Governor Major on Tuesday appointed the delegates from Missouri to the southern commercial congress, to be held in Mobile, Ala., October 27 to 29. Two of the delegates selected are S. G. Gillam and Senator Anderson Craig of this city. It is not known whether they will attend or not.

NO WORD HAS BEEN RECEIVED.

Worry and Strain of Waiting for News From Her Husband Has Been Hard on Mrs. H. R. Hancock.

Nothing has yet been heard of H. R. Hancock. The worry and strain of waiting for news from her husband has been very hard on Mrs. Hancock. She is in a very nervous and worn-out condition. She has sold part of her furniture already and wants to sell the rest before leaving for Kansas City, where she expects to make her home.

BARNARD LODGE HERE.

Many Members of the I. O. O. F. Lodge of That Place Visited the Maryville Lodge.

Many members of the Barnard I. O. O. F. lodge came to Maryville Tuesday evening in autos and visited the Maryville Odd Fellows lodge. The Maryville degree team conferred the first degree on William Woodhead of Barnard for that lodge. The Barnard party included William Woodhead, Judge Floyd Westfall, Claude Wohlford, Elmer Reed, Mac Deaton, L. B. Campbell, C. O. Humberd, John Rasco, Red Baker, W. J. Campbell, D. A. Pollard, Joe Holliday, John Beattie.

HAD RAIN ON TUESDAY.

First Since August 13—More Rain Predicted by Forecast.

Rain was had in Maryville and over the county on Tuesday afternoon and night. However, it was only a shower and measured .23 of an inch, according to the government gauge. Showers are predicted for tonight and Thursday.

Yesterday's shower was the first measurable rain that we have had here since August 13, when a half inch fell.

With prospects of more rain in the next few days fall pastures will be good and farmers will be able to save much feed for winter.

The rain will not help out the water situation much, as very little rain was had north of us.

The temperature on Tuesday was up to 95.

LIVE STOCK SHORT IN MISSOURI.

Twenty-Four Per Cent of Cattle Disposed of Owing to the Drought.

Columbia, Mo.—Reports to the secretary of the state board of agriculture indicate that 24 per cent of the cattle in Missouri have been disposed of on account of the drought. This does not mean that the supply of cattle in Missouri is 24 per cent less than last spring. No such number of cattle have moved to market. Doubtless many farmers who have no water or feed have sold their stock to farmers more fortunately situated. It is estimated that 30 per cent of the farmers are feeding new corn. The number of cattle on feed is 54 per cent, and of stock cattle 73 per cent, as compared with a year ago. The number of hogs on feed is 58 per cent and of spring pigs, 75 per cent as compared with a year ago.

Eighty-eight per cent of the correspondents report a shortage of water.

To Indiana Reunion.

Mr. and Mrs. Aaron Souers left Wednesday on a visit to their old home in Roanoke, Ind. While there Mr. Souers will attend a reunion of the Forty-Second Indiana infantry, to which he belonged for over four years.

Ladies Band to Clarinda.

The Missouri Ladies' Military band left this morning for Clarinda, Ia., where they will play during the fair this week. Miss Margaret Conway and Miss Mary O'Brien, members of the band, will go on to Denison, Ia., next week, where they will visit with friends for two weeks.

Fred Bellows will leave Thursday for Ames, Iowa, where he will attend the Iowa State Agricultural college the coming year.

POWELL SELECTED

AS MEMBER OF TOWNSHIP BOARD TO SUCCEED JOHN YATES.

IS A GOOD ROADS MAN

Coal Contract Let by Court to W. B. Porter—Other Court Business.

E. P. Powell, living about three miles southwest of Maryville, has been appointed a member of the Polk township board to succeed John Yates, who resigned a few weeks ago. The selection was made by the county court late Tuesday afternoon. At the same time the court accepted Yates' resignation.

The appointment of Powell is until March, 1915, when the regular township election will be held. Powell is Republican in politics and so was Yates, the resigning member. Mr. Powell is said to be a good roads man and much interested in anything to help along the work.

The contract for coal for the county jail and the county poor farm was let to W. B. Porter. The price was $3.65 a ton for coal delivered at the jail and $3.40 a ton for coal for the county farm on the tracks. The coal will all be weighed over the city scales.

The members of the court on Wednesday afternoon accompanied by County Physician Leslie Dean, made a visit to the county poor farm. It is an inspection trip, and at the same time the court will look over the proposition in regard to a light plant at that place. Pickens & Smith of this city will get the contract for the plant.

The court was allowing a large number of bills on Wednesday.

PICKERING TENT MEETINGS.

To Begin Tonight and to Close Sunday, September 28.

The Pickering tent meetings begin tonight and will last until Sunday, September 28. The tent was put up this morning, and everything is in readiness for the revival. The evangelist just closed a series of meetings at Coin, Ia., where there were 136 conversions

URGES PASTORS NOT TO SMOKE.

Bishop of Methodist Episcopal Church (South) Denounces Tobacco.

St. Charles, Mo.—Bishop E. E. Hoss of the Methodist Episcopal church, South, urged ministers attending the Missouri conference of that church here to refrain from the use of tobacco in any form, and he characterized total abstinence from the weed as one of the distinguishing marks of a gentleman. While he was speaking several preachers were smoking on the lawn in front of the church in which the conference was held.

The bishop asked those who attend the general conference of the church in Oklahoma City next year especially to refrain from smoking. He then asked for a vote indorsing his views as to the general conference, but several ministers voted "no."

Mrs. John Snapp will leave Sunday morning on a two months' visit to her brothers, C. D. Groves of Wray, Col., and H. S. Groves of Denver. She will also visit in Colorado Springs and Manitou. Mrs. Snapp is making the trip at this time for the benefit of her health.

The C. A. Jenson residence, at the corner of Ninth and Main streets, now occupied by Mrs. H. R. Hancock, has been leased to Mr. and Mrs. Emery Airy, who will take possession next week.

Mrs. C. L. Wright has returned from a month's visit in St. Joseph with her daughters, Mrs. A. D. McHenry and Mrs. Harry Snyder. Mrs. Wright has for her guest another daughter, Mrs. Chas. Willson of Muskogee, Okla.

Mrs. Thomas Archer of St. Joseph spent Tuesday here with her father, John Haskins.

THE WEATHER

Unsettled weather with showers tonight or Thursday.

A GOOD TIME

To enter School is
Monday, September 15,
And the best School is the
MARYVILLE BUSINESS COLLEGE.
"No position, no pay."

Miss Bertha Hale returned to her home in Barnard Tuesday afternoon, after a two weeks' visit with her sister, Mrs. James Woodburn.

Miss Theodosia Jackson, who has been visiting Miss Marie Brink, left Wednesday morning for her home in Hardy, Arkansas.

SEVERELY INJURED

ALBERT CROCKET NARROWLY ESCAPED BEING CUT TO PIECES.

TAKEN TO ST. JOSEPH

In Auto, Where He Was Placed in Hospital—Chances for Recovery Are Small.

Albert Crocket, 21 years old, son of Roy Crocket, narrowly escaped being cut to pieces by the knives of a silage cutter with which he was working Monday, on the farm of Don Wall, two miles east of Whitesville. He was pulled away from the machine by Fred Swan, but not before the heel of one foot had been crushed in the cog wheels, a severe cut received over the heart and all the clothing being torn from his body.

Swan and Crocket were working side by side, the former feeding the machine and the latter oiling it. A set screw broke, and they removed the shields that cover the cogs in order to fix it. When a new screw had been put in the shields were not replaced. A moment later the wind blew the sleeve of Crocket's jacket into the cogs, and he was pulled into the machinery. In his effort to extricate himself he fell in front of the knives. Swan's quick work saved him. His injuries are very severe, his heel being ground to pieces and the cut over his heart is deep. One rib was broken, also, and the body stripped of all its clothing.

Mr. Crocket was put into his father's auto and started toward St. Joseph. The roads were muddy and the car had not gone far before it skidded into a ditch. It was dragged out by a team of mules from a nearby farm and went on to St. Joseph, where the injured man was put in a hospital. He has a chance for recovery, but only a very slight one.

CORN LOSS FROM DROUGHT.

The Crop Was Cut 750,000,000 Bushels in July and August.

The drought in the west caused a loss of 420,000,000 bushels of corn in August, in addition to the loss of 330,000,000 in July, bringing the present corn prospect down to 2,251,000,000 bushels, 870,000,000 bushels less than the final estimate of the 1912 crop. These are the figures indicated by the September government crop report, published Tuesday at Washington, D. C. It makes the condition of corn for the entire country 65.1, compared with 75.8 a month ago and 82.1 a year ago.

An increase in the estimate of the spring wheat crop makes it 243,000,000 bushels, making the combined crop of winter and spring wheat of the country 754,000,000 bushels, the greatest wheat crop ever produced, 34,000,000 bushels more that last year's, exceeding the record crop of 1901 by 6,000,000 bushels.

The condition of white potatoes deteriorated to such an extent that the August estimates of that crop were reduced by 14,000,000 bushels to 325,000,000 bushels, 96,000,000 bushels less than a year ago.

WELLS ARE ADEQUATE THERE.

Shenandoah Has Had Water All Along While Other Towns Have Been Out.

The folks who live in Shenandoah have been able to enjoy the privilege of using all the water they wanted, freely and without curtailing at all, owing to the efficiency of our city water supply. We have, in times not very distantly past, heard a lot of complaints about the water situation, and the new well, and pumping with the electric current, and a good many of the things incident to the general situation. But the great fact stands out prominently now, when the time of the water famine has come to so many of our neighboring towns, that the Shenandoah supply is standing right up, supplying every need.—Shenandoah World.

WENT "DRY" IN ELECTION.

Moniteau County Votes to Do Away With Saloons, So Does Lebanon.

Moniteau county, Missouri, voted "dry" Tuesday by a majority of 179 in the local option election held there.

Lebanon, Mo., also voted to do away with the saloons in an election held Tuesday, being the second time the "drys" have been victorious over the "wets." The "wets" were defeated by a majority of 174.

Miss Nell Hudson went to St. Joseph Wednesday morning to spend the day.

BUILDING NEW DAM

EXCAVATION WORK AT WATER PLANT FINISHED TODAY.

GOOD FLOW OF WATER

Work of Ditching Discontinued—Ice Wagons Are Making Routes—Ice is Being Manufactured.

The excavation work for the new dam at the city water plant was finished today and the concrete work will start Thursday. The cement for the concrete work has been ordered and will be here Thursday and the gravel is already on the ground.

The dam is to be sixteen feet high and has a solid foundation of clay. It will have a twelve-foot base and will slope to the top. There will be two big gates in the dam.

It will probably take two weeks to complete the work, but rain will not greatly interfere with the work, since the excavation is completed.

The jingle of the bells announcing the ice wagon was heard all over town today, and for the first time in nearly two weeks the refrigerators in the homes were filled again. Ice is being manufactured here now as fast as it is used, and there will be deliveries at least every other day.

The work of ditching the river stopped today. Such a good flow of water is coming down the channel now that Manager Denny thought it unnecessary to continue the work. However, he has an engine and pump ready to go up the river and pump out the pools at any moment if the supply should suddenly get low or give out. The rain of last night was not enough to effect the flow of the river.

Work on the test wells will begin as soon as an expert can be obtained to come here and look the ground over. The wells are to be sunk at least 200 or 300 feet, and if this does not bring satisfactory results they may be sunk deeper.

ATE NO SUGAR, BABY A BOY.

Duke of Roxburghe Believes Former May Goelet's Dieting Proves Sex Control.

London, Sept. 9.—The Duchess of Roxbeurghe, formerly Miss Mae Goelet of Newport, R. I., gave birth to a son Sunday night at Chesterfield house. The parents resorted to science to control the sex of the child, the duchess refraining from sweets in her dieting.

The duke and duchess were married in 1903. The duke's brother, Lord Alastair Robert Innes-Ker, had, up to the present, been the heir presumptive to the dukedom and its 60,000 acres.

The duchess and baby are doing well. The child will assume the title of Marquis of Mowmont.

The birth of an heir to the dukedom has caused widespread joy in the border country, where the family wields immense influence. Bonfires blazed from the hill tops and all kinds of festivities were indulged in by the people of Haddingtonshire.

The baby is a boy, according to the duke, principally because his mother ate no food containing sugar for months before his birth.

In announcing the birth the Duke of Roxburghe admitted that his wife practiced this form of eugenics and said that they both attributed the sex of the infant to this.

Desiring a male heir to the dukedom, the duchess went to Vienna in 1909, and there consulted Dr. Leopold Schenk, a noted scientist, who is a world-famous authority on embryology.

He is connected with the university at Vienna and has given much study to the prenatal determination of sex.

Dr. Schenck advised the duchess and she followed instructions.

Funeral Held This Afternoon.

The funeral of Wilbur Curnutt, who died Monday, was held at the home of his parents, Mr. and Mrs. John Z. Curnutt, at 2 o'clock this afternoon. It was conducted by Rev. Gilbert S. Cox, and interment took place in Miriam cemetery. The pall bearers were Magnus Tate, Ed Gray, Edison Blagg, Harold McNeal, Elmore Frank and Fred Bellows.

Music was given by a quartet composed of Mrs. Charles Thorp, Miss Nellie Wray, Prof. P. O. Landon and Harry Mutz, with Miss Lucile Airy as pianist.

A marriage license was issued Tuesday afternoon to Carl Kernen of Bedford, Ia., and Estella Pride of Maryville.

HAD LEG BROKEN.

Fred Shell Was Thrown From Horse This Morning and Leg Broken Above the Ankle.

Fred Shell, who lives near Wilcox, was thrown from his horse when it ran away this morning and his leg was broken above the ankle. Mr. Shell is a young man 24 years old and is the son of Henry Shell.

WERE SELECTED AS DELEGATES.

S. G. Gillam and Anderson Craig of This City to Represent State at Southern Commercial Congress.

Governor Major on Tuesday appointed the delegates from Missouri to the southern commercial congress, to be held in Mobile, Ala., October 27 to 29. Two of the delegates selected are S. G. Gillam and Senator Anderson Craig of this city. It is not known whether they will attend or not.

NO WORD HAS BEEN RECEIVED.

Worry and Strain of Waiting for News From Her Husband Has Been Hard on Mrs. H. R. Hancock.

Nothing has yet been heard of H. R. Hancock. The worry and strain of waiting for news from her husband has been very hard on Mrs. Hancock. She is in a very nervous and worn-out condition. She has sold part of her furniture already and wants to sell the rest before leaving for Kansas City, where she expects to make her home.

BARNARD LODGE HERE.

Many Members of the I. O. O. F. Lodge of That Place Visited the Maryville Lodge.

Many members of the Barnard I. O. O. F. lodge came to Maryville Tuesday evening in autos and visited the Maryville Odd Fellows lodge. The Maryville degree team conferred the first degree on William Woodhead of Barnard for that lodge. The Barnard party included William Woodhead, Judge Floyd Westfall, Claude Wohlford, Elmer Reed, Mac Deaton, L. B. Campbell, C. O. Humberd, John Rasco, Red Baker, W. J. Campbell, D. A. Pollard, Joe Holliday, John Beattie.

HAD RAIN ON TUESDAY.

First Since August 13—More Rain Predicted by Forecast.

Rain was had in Maryville and over the county on Tuesday afternoon and night. However, it was only a shower and measured .23 of an inch, according to the government gauge. Showers are predicted for tonight and Thursday.

Yesterday's shower was the first measurable rain that we have had here since August 13, when a half inch fell.

With prospects of more rain in the next few days fall pastures will be good and farmers will be able to save much feed for winter.

The rain will not help out the water situation much, as very little rain was had north of us.

The temperature on Tuesday was up to 95.

LIVE STOCK SHORT IN MISSOURI.

Twenty-Four Per Cent of Cattle Disposed of Owing to the Drought.

Columbia, Mo.—Reports to the secretary of the state board of agriculture indicate that 24 per cent of the cattle in Missouri have been disposed of on account of the drought. This does not mean that the supply of cattle in Missouri is 24 per cent less than last spring. No such number of cattle have moved to market. Doubtless many farmers who have no water or feed have sold their stock to farmers more fortunately situated. It is estimated that 30 per cent of the farmers are feeding new corn. The number of cattle on feed is 54 per cent, and of stock cattle 73 per cent, as compared with a year ago. The number of hogs on feed is 58 per cent and of spring pigs, 75 per cent as compared with a year ago.

Eighty-eight per cent of the correspondents report a shortage of water.

To Indiana Reunion.

Mr. and Mrs. Aaron Souers left Wednesday on a visit to their old home in Roanoke, Ind. While there Mr. Souers will attend a reunion of the Forty-Second Indiana infantry, to which he belonged for over four years.

Ladies Band to Clarinda.

The Missouri Ladies' Military band left this morning for Clarinda, Ia., where they will play during the fair this week. Miss Margaret Conway and Miss Mary O'Brien, members of the band, will go on to Denison, Ia., next week, where they will visit with friends for two weeks.

Fred Bellows will leave Thursday for Ames, Iowa, where he will attend the Iowa State Agricultural college the coming year.

POWELL SELECTED

AS MEMBER OF TOWNSHIP BOARD TO SUCCEED JOHN YATES.

IS A GOOD ROADS MAN

Coal Contract Let by Court to W. B. Porter—Other Court Business.

E. P. Powell, living about three miles southwest of Maryville, has been appointed a member of the Polk township board to succeed John Yates, who resigned a few weeks ago. The selection was made by the county court late Tuesday afternoon. At the same time the court accepted Yates' resignation.

The appointment of Powell is until March, 1915, when the regular township election will be held. Powell is Republican in politics and so was Yates, the resigning member. Mr. Powell is said to be a good roads man and much interested in anything to help along the work.

The contract for coal for the county jail and the county poor farm was let to W. B. Porter. The price was $3.65 a ton for coal delivered at the jail and $3.40 a ton for coal for the county farm on the tracks. The coal will all be weighed over the city scales.

The members of the court on Wednesday afternoon accompanied by County Physician Leslie Dean, made a visit to the county poor farm. It is an inspection trip, and at the same time the court will look over the proposition in regard to a light plant at that place. Pickens & Smith of this city will get the contract for the plant.

The court was allowing a large number of bills on Wednesday.

PICKERING TENT MEETINGS.

To Begin Tonight and to Close Sunday, September 28.

The Pickering tent meetings begin tonight and will last until Sunday, September 28. The tent was put up this morning, and everything is in readiness for the revival. The evangelist just closed a series of meetings at Coin, Ia., where there were 136 conversions.

URGES PASTORS NOT TO SMOKE.

Bishop of Methodist Episcopal Church (South) Denounces Tobacco.

St. Charles, Mo.—Bishop E. E. Hoss of the Methodist Episcopal church, South, urged ministers attending the Missouri conference of that church here to refrain from the use of tobacco in any form, and he characterized total abstinence from the weed as one of the distinguishing marks of a gentleman. While he was speaking several preachers were smoking on the lawn in front of the church in which the conference was held.

The bishop asked those who attend the general conference of the church in Oklahoma City next year especially to refrain from smoking. He then asked for a vote indorsing his views as to the general conference, but several ministers voted "no."

Mrs. John Snapp will leave Sunday morning on a two months' visit to her brothers, C. D. Groves of Wray, Col., and H. S. Groves of Denver. She will also visit in Colorado Springs and Manitou. Mrs. Snapp is making the trip at this time for the benefit of her health.

The C. A. Jenson residence, at the corner of Ninth and Main streets, now occupied by Mrs. H. R. Hancock, has been leased to Mr. and Mrs. Emery Airy, who will take possession next week.

Mrs. C. L. Wright has returned from a month's visit in St. Joseph with her daughters, Mrs. A. D. McHenry and Mrs. Harry Snyder. Mrs. Wright has for her guest another daughter, Mrs. Chas. Willson of Muskogee, Okla.

Mrs. Thomas Archer of St. Joseph spent Tuesday here with her father, John Haskins.

THE WEATHER

Unsettled weather with showers tonight or Thursday.

A GOOD TIME

To enter School is **Monday, September 15,**

And the best School is the **MARYVILLE BUSINESS COLLEGE.**

"No position, no pay."

Horace Greeley on Farm Life.

I should have been a farmer. All my riper tastes incline to that blessed calling whereby the human family and its humbler auxiliaries are fed. Its quiet, its segregation from strife and brawls and heated rivalries, attract and delight me. I hate to earn my bread in any calling which complicates my prosperity in some sort with others' adversity—my success with others' defeat. The farmer's floors may groan with the weight of his crops, yet no one else deems himself the poorer therefor. He may grow a hundred bushels of corn or forty of wheat to every arable acre without arousing jealousy or inciting to detraction.

I am content with my lot, and grateful for the generosity wherewith my labors have been rewarded; and yet I say that, were I now to begin my life anew, I would choose to earn my bread by cultivating the soil. Blessed is he whose day's exertion ends with the evening twilight, and who can sleep unbrokenly and without anxiety till the dawn awakes him, with energies renewed and senses brightened, to fresh activity and that fullness of health and vigor which are vouchsafed to those only who spend most of their waking hours in the free, pure air and renovating sunshine of the open country.—From the Autobiography of Horace Greeley.

Sheep—2,000. Market 10c lower.

WHERE'S THE COMET BOUND.

Astronomers Can See Aerial Tramp, But Can't Find Its Course.

Metcalf's comet, the latest discovered, is not yet in a position to allow of its course being determined, according to eminent astronomers today. It may be headed directly for the earth, or it may be taking an angle which will allow it to pass several hundred thousand miles to leeward of this planet.

Prof. Edwin B. Frost of the Yerkes observatory said observations had not determined the size or direction of the comet.

"We can see it is traveling northward," he said, "but whether at an angle bringing it nearer to the earth, or away from it, we can not determine. We have not been able to discern a tail. The comet is a faint blur of about the ninth magnitude, which means it is three degrees from being visible to the unaided eye. It can be seen with any telescope more than two and one-half inches in diameter.

"The comet is named after Joel Metcalf, a Congregational minister at Webster, Mass., who makes fine telescope lenses as a diversion. He found the comet while making observations from his private station in the Vermont mountains.

"We may know more of the comet within a week, or possibly it may disappear."

Prof. Edward Emerson Barnard of the Yerkes Observatory near Williams Bay, Wis., said he had taken pictures of the comet. It shows a mere blur on the plate.

LETTER LIST.

Following is a list of the letters remaining unclaimed in the Maryville, Mo., postoffice for the week ending Wednesday, September 10, 1913:

Gentlemen.

Bailey, Robert.
Ebel, A. G.
Ellison, J. D.
King, John.
Marker, J. C. (return to writer).
Pound, James E.
Richardson, I. C.
Suits, W. L.
Treece, W. E.
Wilson, Roy.

Ladies.

Ampshire, Miss Mary.
Dempsey, Mrs. Byrd.
Hall, Miss Oma.
Long, Mrs. Louise.
McPheron, Miss Myrtle.
Masters, Mrs. Heathe.
Misimer, Mrs. Sarah.
Neal Miss Chloe.
Ritchie, Mrs. John.
Wealch, Miss Edna.
Yeoman, Mrs. Sadie.

Persons calling for the above named letters will please say "advertised."

S. R. BEECH, Postmaster.

Miss Willa Shea of Orleans, Nebr., came Tuesday for a visit with Miss Frances Keeler.

News of Society and Womens' Clubs

Will Meet Thursday.

The missionary society of the Presbyterian church will meet with Mrs. S. D. Harkness Thursday afternoon at 2:30 o'clock.

Will Have Picnic.

The choir of the First M. E. church will give a picnic supper Thursday evening at 6:30 o'clock at the home of Prof. P. O. Landon.

Meeting Postponed.

The meeting of the city federation of women's clubs has been postponed from Wednesday afternoon of this week to Wednesday afternoon, September 17, at the Carnegie library.

Ladies' Aid Society to Meet.

The Ladies' Aid society of the First M. E. church will have their regular meeting at 2:30 o'clock Thursday afternoon with Mrs. I. W. Nixon. This is a very important meeting and all members are urged to be present.

Miss Carmichael Married.

Miss Bessie Carmichael, daughter of Mrs. Laura Carmichael, 320 South Laura street, was married this week to Mr. C. R. Kochel of Knowlton, Mont. Miss Carmichael left Maryville last Sunday morning and the marriage took place on her arrival at Miles City, Mont. Mr. and Mrs. Kochel will make their home in Knowlton, Mont., near which place Mr. Kochel owns much land.

The Mothers' Circle to Meet.

The Mothers' Circle will meet Friday afternoon at 3 o'clock at the home of Mrs. E. B. Sheldon, instead of with Mrs. J. D. Ford. The report of the first annual meeting of the State Congress of Mothers has been deferred until this time on account of Mrs. Sheldon's continued illness. She will give it at this meeting and it no doubt will lend new enthusiasm to the already interested circle.

Miss Wray Hostess.

The Epworth League of the First M. E. church held their regular meeting Tuesday evening at the home of Miss Nellie Wray. The business session was followed by a social time during which refreshments were served. Miss Jane L. Barrows, who arrived last Friday night to assume her duties as deaconess of the First M. E. church, was present at the meeting. Miss Edna O'Neal, who has been first vice-president of the league, resigned and Miss Grace DeMotte was selected to take her place.

A Dinner Party.

Misses Marie Reuillard and Mary Herwick entertained at six o'clock dinner Tuesday evening at the home of Miss Reuillard's parents, Mr. and Mrs. F. P. Reuillard, on East Fourth street. The dinner was in honor of their birthday anniversaries. Those assisting the hostesses were Mrs. Reuillard, Miss Ruth Reuillard and Miss Maud Bainum. The guests were Misses Anna Bainum, Katherine Kuchs and her guest, Miss Louise Koepper of Nebraska, City, Nebr., Dr. Frank C. Wallis, George Robb Ellison, E. E. Williams, James Todd, Dr. E. C. Braniger and Dr. H. L. Stinson.

Dance at the Elks.

Twelve couples spent Tuesday evening in dancing at the Elks' club. A seven piece orchestra played during the entire evening. Those present were: Misses Marie Reuillard, Katherine Kuchs, Frances Keeler, Willa Shea of Orleans, Nebr., Allie Frasier, Louise Koeppal of Nebraska City, Nebr., Anna Bainum, Geneva Wilfley, Ruth Montgomery, Ruth Reuillard, Mary Herwick, Carrie Margaret Baker, Hazel Ritchie, Ora Barmann; Messrs. Frank Wallis, Ed Williams, James H. L. Stinson, Bud Rhodes, Lieber Holmes, Andy Chris Cummins, George Robb Ellison, John I. Hoffman, Francis Cummins, Fleming Carpenter, Gene Cummins, and Frank Schumacher; Mr. and Mrs. George Baker and Mr. and Mrs. Oliver Bovard and Dr. E. C. Braniger.

The Social Neighbors Club.

The Social Neighbors club met at the home of Mr. and Mrs. Ira Ringold on Thursday evening, August 28, for the purpose of reorganizing and electing new officers for the coming year. The Social Neighbors club was organized one year ago for one year only. But finding there was much pleasure and also social benefit to be derived from meeting together, decided to organize for another year. Owing to the extreme rush of the farmers' work all members were not present. Those present decided to postpone the business meeting until next month.

Mr. and Mrs. Ringold entertained in various ways. Had also a number of invited guests, namely, Mr. and Mrs. Everet Ulmer and daughter, Misses Mamie Ritchey, Myrtle Ingels, Messrs. Billie Ingels, Frank Davis and Bryan Ritchey. The music given by Roy Ringold and Frank Davis, also the solos by Miss Ingels, were especially enjoyed by all. Refreshments were served at a late hour. Everybody went home feeling they had enjoyed again one of the many pleasant evenings of the year.

After a careful examination, page by page, I find that the Stoddard Library is the greatest literary compilation of the day. It is a peerless grouping of the best productions of the greatest writers. It is the finest literature of the richest gems from the wealthiest minds. It runs the whole gamut of literature achievement.

The Stoddard Library furnishes entertainment to the class who like to listen to the story-music of the laugh makers. It is companionship with the most influencing characters of all ages to those who feel the blighting touch of loneliness. It is a brilliant shining faith-light to those who are walking the darkened ways of religious doubt.

To those who wish to learn, it is "an intellectual power through words and things," and deserving of the highest praise and widest circulation.—Charles H. Elder, Pastor Trinity M. E. church, Trenton, N. J.

"His Weakness Conquered," Animated Weekly and "The Hall Room Girls" at the Star tonight.

Miss Dena Hartman went to Barnard Tuesday on a visit to relatives.

A marriage license was issued Wednesday to Edward Crawford of New Market, Iowa, and Goldia A. Thomas of Shambaugh, Iowa.

"His Weakness Conquered," Animated Weekly and "The Hall Room Girls" at the Star tonight.

This is an Age of Substitution

When You Have Your Mind Made Up to Get the Best Keep it So by Getting What You Want

There are many sold as "just as good," but there is only one **HART, SCHAFFNER & MARX Clothing.** Remember, we are the only ones that sell the world renowned brand of **Hart, Schaffner & Marx** and **Cloth Craft** complete lines of Fall and Winter Suits and Overcoats. Miss Bessie Carmichael, daughter of Mrs. Laura Carmichael, 320 South Laura street, was married this week to Mr. C. R. Kochel of Knowlton, Mont. Miss Carmichael left Maryville last Sunday morning and the marriage took place on her arrival at Miles City, Mont. Mr. and Mrs. Kochel will make their home in Knowlton, Mont., near which place Mr. Kochel owns much land.

The Mothers' Circle to Meet.

The Mothers' Circle will meet Friday afternoon at 3 o'clock at the home of Mrs. E. B. Sheldon, instead of with Mrs. J. D. Ford. The report of the first annual meeting of the State Congress of Mothers has been deferred until this time on account of Mrs. Sheldon's continued illness. She will give it at this meeting and it no doubt will lend new enthusiasm to the already interested circle.

Miss Wray Hostess.

The Epworth League of the First M. E. church held their regular meeting Tuesday evening at the home of Miss Nellie Wray. The business session was followed by a social time during which refreshments were served. Miss Jane L. Barrows, who arrived last Friday night to assume her duties as deaconess of the First M. E. church, was present at the meeting. Miss Edna O'Neal, who has been first vice-president of the league, resigned and Miss Grace DeMotte was selected to take her place.

A Dinner Party.

Misses Marie Reuillard and Mary Herwick entertained at six o'clock dinner Tuesday evening at the home of Miss Reuillard's parents, Mr. and Mrs. F. P. Reuillard, on East Fourth street. The dinner was in honor of their birthday anniversaries. Those assisting the hostesses were Mrs. Reuillard, Miss Ruth Reuillard and Miss Maud Bainum. The guests were Misses Anna Bainum, Katherine Kuchs and her guest, Miss Louise Koepper of Nebraska, City, Nebr., Dr. Frank C. Wallis, George Robb Ellison, E. E. Williams, James Todd, Dr. E. C. Braniger and Dr. H. L. Stinson.

Dance at the Elks.

Twelve couples spent Tuesday evening in dancing at the Elks' club. A seven piece orchestra played during the entire evening. Those present were: Misses Marie Reuillard, Katherine Kuchs, Frances Keeler, Willa Shea of Orleans, Nebr., Allie Frasier, Louise Koeppal of Nebraska City, Nebr., Anna Bainum, Geneva Wilfley, Ruth Montgomery, Ruth Reuillard, Mary Herwick, Carrie Margaret Baker, Hazel Ritchie, Ora Barmann; Messrs. Frank Wallis, Ed Williams, James H. L. Stinson, Bud Rhodes, Lieber Holmes, Andy Chris Cummins, George Robb Ellison, John I. Hoffman, Francis Cummins, Fleming Carpenter, Gene Cummins, and Frank Schumacher; Mr. and Mrs. George Baker and Mr. and Mrs. Oliver Bovard and Dr. E. C. Braniger.

The Social Neighbors Club.

The Social Neighbors club met at the home of Mr. and Mrs. Ira Ringold on Thursday evening, August 28, for the purpose of reorganizing and electing new officers for the coming year. The Social Neighbors club was organized one year ago for one year only. But finding there was much pleasure and also social benefit to be derived from meeting together, decided to organize for another year. Owing to the extreme rush of the farmers' work all members were not present. Those present decided to postpone the business meeting until next month.

Mr. and Mrs. Ringold entertained in various ways. Had also a number of invited guests, namely, Mr. and Mrs. Everet Ulmer and daughter, Misses Mamie Ritchey, Myrtle Ingels, Messrs. Billie Ingels, Frank Davis and Bryan Ritchey. The music given by Roy Ringold and Frank Davis, also the solos by Miss Ingels, were especially enjoyed by all. Refreshments were served at a late hour. Everybody went home feeling they had enjoyed again one of the many pleasant evenings of the year.

After a careful examination, page by page, I find that the Stoddard Library is the greatest literary compilation of the day. It is a peerless grouping of the best productions of the greatest writers. It is the finest literature of the richest gems from the wealthiest minds. It runs the whole gamut of literature achievement.

The Stoddard Library furnishes entertainment to the class who like to listen to the story-music of the laugh makers. It is companionship with the most influencing characters of all ages to those who feel the blighting touch of loneliness. It is a brilliant shining faith-light to those who are walking the darkened ways of religious doubt.

To those who wish to learn, it is "an intellectual power through words and things," and deserving of the highest praise and widest circulation.—Charles H. Elder, Pastor Trinity M. E. church, Trenton, N. J.

MOTHER! THE CHILD IS COSTIVE, BILIOUS

Don't Hesitate! A Laxative is Necessary if Tongue is Coated, Breath Bad or Stomach Sour.

Give "California Syrup of Figs" at once—a teaspoonful today often saves a sick child tomorrow.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs;" then see that it is made by the "California Fig Syrup Company." Don't be fooled!—Advertisement.

Has a Ford Car.

Dr. K. C. Cummins of this city has purchased a Ford car of the Barmann Auto company.

Dr. and Mrs. W. M. Wallis, Jr., left Tuesday afternoon for Kansas City.

The Stoddard Library now being introduced here should be in every home as it is especially designed to make it possible for those who have a fair amount of culture, and desire more, to own, and hence to read with pleasure and advantage at any moment when they wish to do so, a goodly portion of the best that men have ever thought or written. The wholesome entertainment alone that it provides for the different members of the family is worth more than the price of the work.

Dark Days Coming!

With the shortening of the hours of daylight the strain upon the eyes becomes greater, with its consequent effect upon the vision.

Have Your Eyes Examined NOW.

Those just bordering upon the time when they need Glasses will do well to attend to it at once, while those already wearing them should see to it that they still fit as they ought to. Good eyesight can be fostered just as you can preserve anything else with proper care.

BIGGEST WHEAT CROP EVER GROWN

indications of Greatest Yield Ever Produced In Land.

ENORMOUS DAMAGE TO CORN.

Oats Crop Figured at Thirty-eight Millions More Than Predicted in August—Barley and Flax Seem to Have Escaped Damage.

Washington, Sept. 10.—An enormous loss in the prospective production of corn and indications of the biggest wheat crop ever produced were the features of the government's September crop report.

Hot weather and drought in a number of the principal corn growing states in the month ending Sept. 1 caused a deterioration of corn, which experts calculate has resulted in the loss of 321,000,000 bushels, reducing the corn crop estimates to 2,251,000,000 bushels. This destructive crop weather caused a loss of about 300,000,000 bushels in July and the August loss brought the total up to 621,000,000 bushels since the first estimates of corn crop prospects were made by the government.

Nebraska Hardest Hit.

Texas alone of the six greatest corn growing states held its own in August. Nebraska was hardest hit, the deterioration there amounting to 30 per cent, bringing the condition of the crop to 37 per cent of normal. The loss in Missouri was 29 per cent, the crop being 41 per cent of normal. Kansas reported a condition of 10 per cent of normal, the lowest ever recorded, and a loss of 20 per cent in the month; Illinois reported a condition of 62 per cent, a loss of 10 per cent; Iowa reported 76 per cent, a loss of 9 per cent; Oklahoma 39 per cent, a loss of 5 per cent.

Never before in the history of the country has there been such a bountiful wheat harvest as has been gathered this year. This was due principally to the bumper crop of winter wheat. The estimate of the spring wheat crop showed increased prospects for that crop, making the total production 243,000,000 bushels, or an increase of 4.3 per cent over the August estimate.

This estimate brought the total wheat crop of the country to 754,000,000 bushels, or 6,000,000 bushels more than the great record crop of 1901.

Oats Prospects.

Oats prospects, too, showed an increase of 9.7 per cent as a result of the conditions existing in August, and the crop now is estimated at 1,066,000,000 bushels, or 38,000,000 bushels more than predicted in August.

Weather conditions during August caused deterioration which is estimated to have resulted in the loss of 14,000,000 bushels of potatoes, 35,000,000 pounds of tobacco and 1,000,000 tons of hay. Barley, flax and rice seem to have escaped damaging weather.

The Report.

Corn—Condition, 65.1 per cent of a normal, compared with 75.8 per cent Aug. 1, 82.1 per cent on Sept. 1 last year and 80.9 per cent the average condition on Sept. 1 for the last ten years. The indicated yield per acre, estimated from condition reports, is 22 bushels, compared with 29.2 bushels harvested last year and 26.5 bushels the average yield 1908-12. On the planted area, 106,884,000 acres, it is estimated the final total production will be about 2,251,000,000 bushels, compared with 3,125,000,000 harvested last year and 2,531,000,000 bushels harvested in 1911.

Spring Wheat Nearly an Average.

Spring Wheat—Condition, 75.3 per cent of a normal at time of harvest, compared with 74.1 per cent on Aug. 1, 90.8 per cent at time of harvest last year and 76.9 per cent the average condition at the time of harvest for the last ten years. The indicated yield per acre, estimated from condition reports, is 13 bushels, compared with 17.2 bushels harvested last year and 13.3 bushels the average yield for 1908-12. On the planted area—18,663,000 acres—it is estimated the final total production will be about 243,000,000 bushels, compared with 330,000,000 bushels harvested last year and 191,000,000 bushels harvested in 1911.

Oats Gain During Month.

Oats—Condition, 74 per cent of a normal at time of harvest, compared with 73.7 per cent on Aug. 1, 92.3 per cent at time of harvest last year and 79.3 per cent the average condition at time of harvest for the last ten years. The indicated yield per acre, estimated from condition reports, is 27.8 bushels, compared with 37.4 bushels harvested last year and 29.7 bushels the average yield 1908-12. On the planted area—38,341,000 acres—it is estimated the final total production will be about 1,066,000,000 bushels compared with 1,418,000,000 bushels harvested last year and 922,000,000 bushels harvested in 1911.

Secretary Lane Falls in Faint.

Oakland, Cal., Sept. 10.—Secretary of the Interior Franklin K. Lane fell in a faint here while reviewing the Admission day parade of the Native Sons' organization. He was removed to his brother's home in Berkeley where it was reported that his condition was not serious. The secretary had complained of not feeling well before the parade started.

AN OLD TIME FAIR

(Continued from Page 1)

will hold forth all the week. They have fifteen first class shows and riding devices, three brass bands and several military band organs.

A Great Free Program.

The free amusement features embrace the world's greatest sensation, Hanlingson's auto-polo, played by men with automobiles, who are dare devils supreme and shake hands with death every second they are in the play. Auto-polo will be played every afternoon and night during the fair. Preeminent vaudeville performers will intersperse the races each day. Martin Brothers big fireworks spectacle, "The Siege of Adrianople," during the Balkan war, will be seen every night after the first day, without any change.

As a whole this is going to be St. Joseph's greatest effort to bring back the old days when the old fashioned fairs were the thing. Everybody wants and awaits the big success already assured for this year, and it goes without saying that the Interstate Fair of St. Joseph will become perpetual.

Several hundred dollars in cash prizes will be awarded to the bands in the four states—Missouri, Kansas, Nebraska and Iowa—and Secretary W. W. Cole is anxious to hear from the manager of every band within a radius of 150 or 200 miles tributary to St. Joseph. The several points to be considered will be the music, uniform, number of men in band, instruments and soloists; so come on boys and let's see who has the one best band.

The Old Fiddlers Will Fiddle.

Another feature that will come home to the hearts of us all and that's the "Old Fiddler's Contest"—one hundred dollars in cash prizes are to be given. Every town within a hundred and fifty miles has a fiddler who they know is the best in the country and who can play "Turkey in the Straw," "Hi Jinny, Ho Jenny Johnson," "Seventh of January," "Old Dan Tucker," "The Old Codger with a Wooden Leg," "The Arkansaw Traveler," "The Irish Washer Woman," and tunes of a like nature will be considered in awarding the prizes.

Remembe too, the $500.00 in cash prizes to be awarded in the horseshoe pitching contest—open to the world.

Remember the gates open at 8 o'clock a. m., Monday, September 22, and close Saturday, September 27, at 11 p. m. Six big days—six big nights.

Mr. Wright is Better.

Thomas Wright, living near Bedison, who has been seriously ill for some time, is much better. Mr. Wright is 83 years old and was among one of the earliest settlers of the county.

BIGGEST WHEAT CROP EVER GROWN

Indications of Greatest Yield Ever Produced In Land.

ENORMOUS DAMAGE TO CORN.

Oats Crop Figured at Thirty-eight Millions More Than Predicted in August—Barley and Flax Seem to Have Escaped Damage.

Washington, Sept. 10.—An enormous loss in the prospective production of corn and indications of the biggest wheat crop ever produced were the features of the government's September crop report.

Hot weather and drought in a number of the principal corn growing states in the month ending Sept. 1 caused a deterioration of corn, which experts calculate has resulted in the loss of 321,000,000 bushels, reducing the corn crop estimates to 2,251,000,000 bushels. This destructive crop weather caused a loss of about 300,000,000 bushels in July and the August loss brought the total up to 621,000,000 bushels since the first estimates of corn crop prospects were made by the government.

Nebraska Hardest Hit.

Texas alone of the six greatest corn growing states held its own in August. Nebraska was hardest hit, the deterioration there amounting to 30 per cent, bringing the condition of the crop to 37 per cent of normal. The loss in Missouri was 29 per cent, the crop being 41 per cent of normal. Kansas reported a condition of 10 per cent of normal, the lowest ever recorded, and a loss of 20 per cent in the month; Illinois reported a condition of 62 per cent, a loss of 10 per cent; Iowa reported 76 per cent, a loss of 9 per cent; Oklahoma 39 per cent, a loss of 5 per cent.

Never before in the history of the country has there been such a bountiful wheat harvest as has been gathered this year. This was due principally to the bumper crop of winter wheat. The estimate of the spring wheat crop showed increased prospects for that crop, making the total production 243,000,000 bushels, or an increase of 4.3 per cent over the August estimate.

This estimate brought the total wheat crop of the country to 754,000,000 bushels, or 6,000,000 bushels more than the great record crop of 1901.

Oats Prospects.

Oats prospects, too, showed an increase of 9.7 per cent as a result of the conditions existing in August, and the crop now is estimated at 1,066,000,000 bushels, or 38,000,000 bushels more than predicted in August.

Weather conditions during August caused deterioration which is estimated to have resulted in the loss of 14,000,000 bushels of potatoes, 35,000,000 pounds of tobacco and 1,000,000 tons of hay. Barley, flax and rice seem to have escaped damaging weather.

The Report.

Corn—Condition, 65.1 per cent of a normal, compared with 75.8 per cent Aug. 1, 82.1 per cent on Sept. 1 last year and 80.9 per cent the average condition on Sept. 1 for the last ten years. The indicated yield per acre, estimated from condition reports, is 22 bushels, compared with 29.2 bushels harvested last year and 26.5 bushels the average yield 1908-12. On the planted area, 106,884,000 acres, it is estimated the final total production will be about 2,251,000,000 bushels, compared with 3,125,000,000 harvested last year and 2,531,000,000 bushels harvested in 1911.

Spring Wheat Nearly an Average.

Spring Wheat—Condition, 75.3 per cent of a normal at time of harvest, compared with 74.1 per cent on Aug. 1, 90.8 per cent at time of harvest last year and 76.9 per cent the average condition at the time of harvest for the last ten years. The indicated yield per acre, estimated from condition reports, is 13 bushels, compared with 17.2 bushels harvested last year and 13.3 bushels the average yield for 1908-12. On the planted area—18,663,000 acres—it is estimated the final total production will be about 243,000,000 bushels, compared with 330,000,000 bushels harvested last year and 191,000,000 bushels harvested in 1911.

Oats Gain During Month.

Oats—Condition, 74 per cent of a normal at time of harvest, compared with 73.7 per cent on Aug. 1, 92.3 per cent at time of harvest last year and 79.3 per cent the average condition at time of harvest for the last ten years. The indicated yield per acre, estimated from condition reports, is 27.8 bushels, compared with 37.4 bushels harvested last year and 29.7 bushels the average yield 1908-12. On the planted area—38,341,000 acres—it is estimated the final total production will be about 1,066,000,000 bushels, compared with 1,418,000,000 bushels harvested last year and 922,000,000 bushels harvested in 1911.

Secretary Lane Falls in Faint.

Oakland, Cal., Sept. 10.—Secretary of the Interior Franklin K. Lane fell in a faint here while reviewing the Admission day parade of the Native Sons' organization. He was removed to his brother's home in Berkeley where it was reported that his condition was not serious. The secretary had complained of not feeling well before the parade started.

AN OLD TIME FAIR

(Continued from Page 1)

will hold forth all the week. They have fifteen first class shows and riding devices, three brass bands and several military band organs.

A Great Free Program.

The free amusement features embrace the world's greatest sensation, Hanlingson's auto-polo, played by men with automobiles, who are dare devils supreme and shake hands with death every second they are in the play. Auto-polo will be played every afternoon and night during the fair. Preeminent vaudeville performers will intersperse the races each day. Martin Brothers big fireworks spectacle, "The Siege of Adrianople," during the Balkan war, will be seen every night after the first day, without any change.

As a whole this is going to be St. Joseph's greatest effort to bring back the old days when the old fashioned fairs were the thing. Everybody wants and awaits the big success already assured for this year, and it goes without saying that the Interstate Fair of St. Joseph will become perpetual.

Several hundred dollars in cash prizes will be awarded to the bands in the four states—Missouri, Kansas, Nebraska and Iowa—and Secretary W. W. Cole is anxious to hear from the manager of every band within a radius of 150 or 200 miles tributary to St. Joseph. The several points to be considered will be the music, uniform, number of men in band, instruments and soloists; so come on boys and let's see who has the one best band.

The Old Fiddlers Will Fiddle.

Another feature that will come home to the hearts of us all and that's the "Old Fiddler's Contest"—one hundred dollars in cash prizes are to be given. Every town within a hundred and fifty miles has a fiddler who they know is the best in the country and who can play "Turkey in the Straw," "Hi Jinny, Ho Jenny Johnson," "Seventh of January," "Old Dan Tucker," "The Old Codger with a Wooden Leg," "The Arkansaw Traveler," "The Irish Washer Woman," and tunes of a like nature will be considered in awarding the prizes.

Remembe too, the $500.00 in cash prizes to be awarded in the horseshoe pitching contest—open to the world.

Remember the gates open at 8 o'clock a. m., Monday, September 22, and close Saturday, September 27, at 11 p. m. Six big days—six big nights.

Mr. Wright is Better.

Thomas Wright, living near Bedison, who has been seriously ill for some time, is much better. Mr. Wright is 83 years old and was among one of the earliest settlers of the county.

CHURCH SHOULD ADVERTISE.

Minister Says "It Teaches People to Want Bigger Things"—Would Make Them Editors.

"The church must advertise to save itself. Advertising is the national stimulant. It teaches the people to want more and better things, and it tends to improve the article advertised. The preacher will preach better and the church will be better when advertised. The church will slough off some of its hindering incumbrances."

Rev. Leon M. Birkhead, pastor of the Wagoner Memorial Methodist church, thus propounded his belief in advertising in an address yesterday at the Methodist ministers' meeting at Union church in St. Louis, in which he took the clergy to task for not using their opportunities for publicity.

He suggested that preachers serve actively for a while on a newspaper to learn the news sense, so as to co-operate better with the newspapers. He expressed a preference for the daily newspaper.

After a warm discussion, all the ministers, with one exception, agreed that the church ought to advertise.

"The greatest means of publicity for the church is the newspaper," Dr. Birkhead said. "The newspaper is omnipresent. It goes everywhere. Mark Twain, in an address on simplified spelling, said: 'There are only two forces that can carry light to all corners of the globe—only two—the sun in the heavens and the Associated Press down here.'"

Justifying his advocacy of advertising, Dr. Birkhead quoted from the Scriptures.

"The word 'Advertise,'" he said, "occurs twice in the Bible. Publicity occurs 100 times. Paul wrote letters to the churches of his day. These letters were read in any number of churches.

"But since the early day of Christianity we have improved greatly our methods of letting our light shine and proclaiming the good tidings from the housetops. This is the age of publicity.

"Advertising is practically a new field. It was formerly in bad repute. Then the patent medicines were in their glory. And P. T. Barnum was saying in reference to his advertising schemes that 'the American public loves to be humbugged.' Now, advertising is in good repute.

"The faith of some that in the new Democracy there will be no advertising is unfounded. The American people have to pay to be told what is good for them.

"The church has lost its power over the masses. They are not hostile to the church and its message—just indifferent. The church is simply compelled to advertise to save itself. Most of the people in the average community do not even know the name of the churches and the preachers.

"In its particular neighborhood the church ought to use every possible means of advertising. Small cards ought to be distributed. Window cards should be used. Billboards and leaflets should be mailed to the people outside the church. Billboards can be used very effectively in advertising the church.

"But the newspaper is the most potent factor in modern civilization. It has the ear of everyone. Carlyle called it the new pulpit set up in every city and town.

"The church must have this great force as its ally in the work for a just social order. The least that the church can do is to give to the press notices of its services, stories of its workers, interviews from the preachers and sermons.

"The press is, in the vast majority of cases, fair to the church. Newspaper men are always glad to co-operate in any way they can."

J. H. Gatton and son of Conception Junction were city visitors Wednesday.

South Omaha Live Stock.

South Omaha, Sept. 10.—Cattle—Receipts, 5,800; 10@15c higher; beef steers, $7.00@8.85; cows and heifers, $3.25@7.50; stockers and feeders, $5.75@7.75; bulls, $5.40@6.50; calves, $7.00@9.50. Hogs—Receipts, 4,800; 15@20c higher; bulk of sales, $7.95@8.10, with $8.00 a popular price; top, $8.65. Sheep—Receipts, 46,000; 10@20c lower; lambs, $5.75@7.40; wethers, $3.75@4.35; ewes, $2.00@4.00.

There is a Chance for the Renter in the Big Horn Basin

You can prove it to your own satisfaction by going with me on the next excursion to the Big Horn Basin, where you can rent improved farms for a share of the crop. No cash rents are required, but it is possible for you to secure a good farm for next year and move out in the spring.

And You Don't Have to Wait for Rain

You simply turn the water on when your crops need it. A destructive hail or wind storm has never been known to visit the farming regions of the Basin country.

If you prefer, you can take up a Government irrigated homestead or file on land under the Carey Act. Why not write today for particulars, maps and folders and plan to take advantage of this opportunity?

D. Clem Deaver, Immigration Agent, C., B. & Q. R. R., 1004 Farnam St., Omaha, Neb.

SENATE PASSES TARIFF BILL

Vote on Democratic Revision Measure is 44 to 37.

ALL AMENDMENTS DEFEATED.

La Follette Only Republican Lining Up With Majority—Two Democrats Against It—Principal House Provisions Retained by Upper Body.

Washington, Sept. 10.—The Democratic tariff revision bill passed the senate by a vote of 44 to 37, after all amendments had been defeated. Senators La Follette (Rep.) and Poindexter (Prog.) voted for the measure and Senators Ransdell and Thornton (Dems.) voted against it.

The tariff bill as it passed the senate retained the principal house provisions, including free sugar and free raw wool, but revised other rates still further downward. The average ad valorem rate in the bill now is, approximately, 26 per cent, a decrease of 28 per cent from existing rates and nearly 4 per cent lower than the rates of the house bill.

Senate's Additions.

The senate's additions to the house free list, with 1912 as a basis, will cost the government more than $44,000,000, but by adding a tax of one-tenth of 1 per cent a pound on cotton sold for future delivery, a tax of one-tenth of 1 per cent a pound on bananas, restoring the requirement of a full internal revenue tax of $1.10 a gallon on brandies used to fortify wines and by increasing the surtax rates on large incomes, senate leaders believe they have provided an actual increase. That is a point disputed by Majority Leader Underwood of the house.

The senate made these other prominent changes:

Exemptions Lowered.

Lowered the normal exemption from the 1 per cent income tax from $4,000 to $3,000 for single persons, with exemptions for wives and dependent children; exempted the incomes of mutual life insurance companies, which revert to the benefit of stockholders; increased the graduated surtax on large incomes to a minimum of 6 per cent on those more than $500,000; exempted incomes of municipalities derived from operation of public utilities and changed the date from which the tax shall become computed for the first year from Jan. 1 to March 1, 1913.

Free listed cattle and other live stock, wheat, hair of the Angora goat and some other agricultural products; restored oatmeal and rolled oats to the dutiable list and provided an elaborate inspection of meat imports.

House Woolen Rates Cut.

Reduced house rates on woolen manufactures to become effective Jan. 1, 1914.

Provided in the sugar schedule for immediate abolishment of the Dutch standard test; postponed operation of reduced rates until March 1, 1914, leaving the provision unchanged for free sugar in May, 1916.

Slightly increased rates on finer cotton goods, reclassified the whole cotton schedule and changing the silk schedule from an ad valorem to a specific basis.

Provided for an administrative force to handle income tax collections without regard to requirements of the civil service.

Struck out a countervailing duty on wood pulp.

Greatly reduced rates of the metal schedule.

President Wilson Pleased.

President Wilson expressed great gratification over the end of the long struggle in the senate and predicted that "currency reform would be carried through with equal energy, directness and loyalty to the general interest." Senator Simmons, chairman of the finance committee, who had piloted the tariff bill through the finance committee, the Democratic caucus and the senate, predicted that its passage would bring immediate stimulus to the business of the country.

A conference committee of the two houses will begin work tomorrow to adjust differences. Leaders of both houses predict that the conference will consume less than two weeks' time.

House Votes to Oust Five Judges.

Washington, Sept. 10.—The commerce court not only would be abolished by a provision of the urgent deficiency bill passed by the house, but its five judges would be legislated out of office through an amendment proposed by Representative Bartlett (Ga.), adopted 181 to 78, repealing the law under which five additional circuit judges were appointed to fill the new court's bench.

Missing Man's Body Found in Trunk.

Ottawa, Can., Sept. 10.—The body of Charles Robinson of Brooklyn, a book maker's clerk, who had been missing since Aug. 28, was found in a trunk in a vacant house here. The police immediately began an investigation. The body was so badly decomposed that it was impossible to determine by what means the man met his death.

Arctic Explorer Slain by Eskimos.

Winnipeg, Sept. 10.—Word was received here of the murder of Harry V. Radford, American explorer and his companion, George Street, on the Arctic coast. The killing was said to have been done by Eskimos.

There is a Chance for the Renter in the Big Horn Basin

You can prove it to your own satisfaction by going with me on the next excursion to the Big Horn Basin, where you can rent improved farms for a share of the crop. No cash rents are required, but it is possible for you to secure a good farm for next year and move out in the spring.

And You Don't Have to Wait for Rain

You simply turn the water on when your crops need it. A destructive hail or wind storm has never been known to visit the farming regions of the Basin country.

If you prefer, you can take up a Government irrigated homestead or file on land under the Carey Act. Why not write today for particulars, maps and folders and plan to take advantage of this opportunity?

D. Clem Deaver, Immigration Agent, C., B. & Q. R. R., 1004 Farnam St., Omaha, Neb.

SENATE PASSES TARIFF BILL

Vote on Democratic Revision Measure is 44 to 37.

ALL AMENDMENTS DEFEATED.

La Follette Only Republican Lining Up With Majority—Two Democrats Against It—Principal House Provisions Retained by Upper Body.

Washington, Sept. 10.—The Democratic tariff revision bill passed the senate by a vote of 44 to 37, after all amendments had been defeated. Senators La Follette (Rep.) and Poindexter (Prog.) voted for the measure and Senators Ransdell and Thornton (Dems.) voted against it.

The tariff bill as it passed the senate retained the principal house provisions, including free sugar and free raw wool, but revised other rates still further downward. The average ad valorem rate in the bill now is, approximately, 26 per cent, a decrease of 28 per cent from existing rates and nearly 4 per cent lower than the rates of the house bill.

Senate's Additions.

The senate's additions to the house free list, with 1912 as a basis, will cost the government more than $44,000,000, but by adding a tax of one-tenth of 1 per cent a pound on cotton sold for future delivery, a tax of one-tenth of 1 per cent a pound on bananas, restoring the requirement of a full internal revenue tax of $1.10 a gallon on brandies used to fortify wines and by increasing the surtax rates on large incomes, senate leaders believe they have provided an actual increase. That is a point disputed by Majority Leader Underwood of the house.

The senate made these other prominent changes:

Exemptions Lowered.

Lowered the normal exemption from the 1 per cent income tax from $4,000 to $3,000 for single persons, with exemptions for wives and dependent children; exempted the incomes of mutual life insurance companies, which revert to the benefit of stockholders; increased the graduated surtax on large incomes to a minimum of 6 per cent on those more than $500,000; exempted incomes of municipalities derived from operation of public utilities and changed the date from which the tax shall become computed for the first year from Jan. 1 to March 1, 1913.

Free listed cattle and other live stock, wheat, hair of the Angora goat and some other agricultural products; restored oatmeal and rolled oats to the dutiable list and provided an elaborate inspection of meat imports.

House Woolen Rates Cut.

Reduced house rates on woolen manufactures to become effective Jan. 1, 1914.

Provided in the sugar schedule for immediate abolishment of the Dutch standard test; postponed operation of reduced rates until March 1, 1914, leaving the provision unchanged for free sugar in May, 1916.

Slightly increased rates on finer cotton goods, reclassified the whole cotton schedule and changing the silk schedule from an ad valorem to a specific basis.

Provided for an administrative force to handle income tax collections without regard to requirements of the civil service.

Struck out a countervailing duty on wood pulp.

Greatly reduced rates of the metal schedule.

President Wilson Pleased.

President Wilson expressed great gratification over the end of the long struggle in the senate and predicted that "currency reform would be carried through with equal energy, directness and loyalty to the general interest." Senator Simmons, chairman of the finance committee, who had piloted the tariff bill through the finance committee, the Democratic caucus and the senate, predicted that its passage would bring immediate stimulus to the business of the country.

A conference committee of the two houses will begin work tomorrow to adjust differences. Leaders of both houses predict that the conference will consume less than two weeks' time.

House Votes to Oust Five Judges.

Washington, Sept. 10.—The commerce court not only would be abolished by a provision of the urgent deficiency bill passed by the house, but its five judges would be legislated out of office through an amendment proposed by Representative Bartlett (Ga.), adopted 181 to 78, repealing the law under which five additional circuit judges were appointed to fill the new court's bench.

Missing Man's Body Found in Trunk.

Ottawa, Can., Sept. 10.—The body of Charles Robinson of Brooklyn, a book maker's clerk, who had been missing since Aug. 28, was found in a trunk in a vacant house here. The police immediately began an investigation. The body was so badly decomposed that it was impossible to determine by what means the man met his death.

Arctic Explorer Slain by Eskimos.

Winnipeg, Sept. 10.—Word was received here of the murder of Harry V. Radford, American explorer and his companion, George Street, on the Arctic coast. The killing was said to have been done by Eskimos.

VOLUME 4. MARYVILLE, MISSOURI, FRIDAY, OCT. 10, 1913. NO. 111.

POOR SEED A CRIME

NO EXCUSE FOR POOR CORN CROP IF SEASON IS RIGHT.

NOW IS TIME TO SELECT

A Few Hours Work at the Right Time and Proper Care Will Assure Good Seed Corn.

Prof. John E. Cameron of the agricultural department of the State Normal, in writing to Profitable Farming and Rural Life, published at St. Joseph, under date of October 1, has this to say in regard to the importance and method of selecting seed corn from the fields this fall:

There is no work on the farm so easily put off as the gathering of the seed corn for the future crop. A few hours' work for two or three days on most farms at this time of year would secure plenty of good seed, provided it is properly cared for during the winter.

All the modern corn planters are so constructed that any farmer can plant his corn thick or thin just as he wishes. Then why do we find some fields where the corn is thick and others with a poor stand. The farmer has failed to adjust his planter to the size of the kernels or he was afraid the seed might not all grow, hence where it did all grow it was too thick to produce good ears. Then again he may have thought it all would grow and as a part failed a poor stand was the result.

These losses can be avoided. It is short of a crime to raise a poor crop of corn if the land and season are capable of producing a good one. The writer has noted that in Northwest Missouri one season the seed corn is said to be bad, another season it is said to be good. When we farmers learn to use our common sense and go out into our corn fields, select good seed ears and hang them up in a dry place where there is free circulation of air so that they may be thoroughly dried before freezing weather sets in; then if they are kept dry we will never hear of poor seed corn.

Every year early in the spring we hear a great deal about testing seed corn. Agricultural experts ask the question, "Have you tested your seed corn?" All the newspapers directly interested in rural life ask the farmers at that season of the year, "Have you tested your seed corn?" My dear friends, this is the time of the year to get busy about seed corn. Keep the germs or embryos in every kernel of every seed ear alive and strong and you know the corn will grow the following spring and you will raise a bountiful crop if other conditions are at all favorable.

There are other advantages to be gained by the corn grower who selects his corn from the field over the one who selects his corn from the crib. The writer is nearly six feet tall and yet it is nearly impossible to reach the tip of the ear on one stalk while the other ear is the right height for husking. In the one stalk the joints are far apart making a greater distance between the leaves, while the ear has a strong shank holding it upright so that the rain can enter the husk and spoil the ear for seed by causing some of the kernels to start to grow. The other is a more compact stalk, the ear turning down and the husk keeping it dry.

If you were in the field you would not think of selecting the ear on the long drawn out stalk with its high up in the air, standing straight up ear, although in the crib it might look superior to the ear on the other stalk.

Do we want to grow corn on stalks that will not support the ears? Husk the corn, haul it to the crib and the chances are that the ear from the broken stalk will be selected for seed.

All farmers should go through their best corn, collect the good seed ears until they have three or four times enough corn for next year's seed then from this collection the best ears enough for next year's planting and then place this corn where it can be kept dry. This will insure each farmer good seed corn and a big crop for next year.

Drew Claim in Montana.

Miss Nettie Smock of Lodgepole, Mont., daughter of Mr. and Mrs. Henry Smock, living east of Maryville, writes her parents that she drew a number in the recent land drawing in that country. Her number was 7012. She will investigate her prize and if worth anything at all she will use her rights in regard to it. Miss Smock has been in Montana since last April.

TALK OF WATER PLANT.

Proposition is Being Discussed by the Citizens of Burlington Junction.

Burlington Junction is now agitating a water works system, and it is probable that such a plant will be had at that town within the next few months. The following is what the Post has to say about the matter in their issue of this week:

Rufus E. Lee, manager of the Lee Electric Light company of Clarinda, Ia., started the ball rolling Monday when he suggested that his company and Monk & Fordyce, who are preparing to put in an ice plant, buy the light plant of the city and furnish a 24-hour service from Clarinda. Mr. Leet said that the company could furnish light to the consumers at less than they now pay.

When this plan was proposed it was suggested by some of our business men that the money received from the light plant be used to install a municipal water works system, and this idea at once proved popular. Mr. Lee said that motor power would be furnished by the company at 5 cents a kilowatt for pumping the water to the stand pipe, and that in towns where this method was being used it was unnecessary to employ an extra man to attend to this work.

Of course before definite action could be taken on the proposition it would be necessary to get an accurate estimate on the cost of a water system, a rate for residence and street lights and power and a number of other important things. When these were decided the proposition would be in shape to submit to the people.

Blanchard's water works system will cost them approximately $7,000, and it is estimated that Burlington Junction could install a system for a little more. Blanchard has a 50,000 supply tank and the water is pumped by the Lee company at 5 cents a kilowatt, or a mimimum of $25 a month. Hopkins voted $11,000 for its system.

There is no question but what Burlington Junction needs a system of water works and almost everyone approached on the subject is heartily in favor of making the change whereby the town can get a 24-hour service, and the water works, providing satisfactory arrangements can be made with the company furnishing the power. Other towns of less population than Burlington Junction have these modern conveniences and the day is fast approaching when people demand them.

Miss Moss Home From Europe.

Miss Kate Moss, well known in this city, arrived in Kansas City Monday, after nearly a two years' stay in Europe, where she taught a year in the schools of Sofia, Bulgaria, and had many thrilling experiences during the war. She is already booked for several lectures. Miss Moss is a brilliant woman and will be able to entertain any audience with her observations of two years' travel, study and teaching in Europe.

Visited His Daughter.

M. K. Thompson of Concordia, Kan., who has been visiting his daughter, Mrs. M. E. Stark, and family, living four miles east of Maryville, will return home Saturday. Mr. Thompson has been living at Concordia for seven years, but previous to that time had lived in Nodaway county forty years.

PATHE MAN HERE

TO TAKE MOTION-PICTURES OF FALL FESTIVAL EVENTS.

CHILDREN TO PARADE

Many Have Arrived—Aviator Bleakley Will Try to Fly This Afternoon—Good Crowd Here.

Tonight's Program.

7:30 p. m.—Alvaredo's performing goats, on platform at Second and Main streets.

8:00 p. m.—Flying Delmar, trapeze act, corner Fourth and Main streets.

8:15 p. m.—Angell's Comedians will play "Ishmael." Prices 10 and 25 cents.

Motion picture shows at Empire theater, 10c.

Fern theater, 10c.

Star theater, 10c.

10:30 p. m.—Elsie, the diving girl, corner Third and Market.

The closing day of the fall festival opened this morning under unfavorable circumstances. The rain of Thursday night and the threatening weather early this morning and later rain, put a damper on the closing day's events.

The day's program opened with a concert by the Maryville band. The free acts were given.

Aviator Bleakley had made no flight up to the time this edition went to press. He said this morning that he would try and make one this afternoon if the weather is permitting.

Bleakley made no flight on Thursday on account of the strong wind. This was a great disappointment to the big crowd that was in the city on that day.

A very good crowd is in the city considering the weather conditions, and everything will be given that is on the program.

E. B. Steen, representing the Pathe Motion Picture company, arrived Thursday evening. He will take pictures of the aeroplane flight and also of the other entertaining features of the festival for his company. The are to be shown in the Pathe weekly pictures. Mr. Steen will leave this evening for Omaha, where he will take a number of pictures for his company.

All arrangements are completed for the children's parade, and it promises to be a great success.

Three schools had come in and reported to Superintendent Oakerson at 10 o'clock, one of them being from up near the Iowa line. The three which were in at that hour were the Highland, west of Hopkins; Happy Hollow and South Hughland. The schools are to meet at the Empire theater at 1 o'clock. The line of march will be north on Main street and around the square, where the pictures will be taken.

As to Price of New Corn.

There has been much speculation as to what the price of new corn would be, says the Burlington Junction Post. Some has sold for 65 cents and it is believed that this price will be the rule for good corn for a time, at least. The corn on the river bottom will average of better quality than that on the uplands, but the farmers are getting some surprises on the yield of many of the fields. Husking is the order of the day on some of the farms now, and the corn is better in many cases than was expected.

Returned to Windsor.

A. D. Saunders and family of Windsor, Mo., were in Maryville over Thursday night with Joseph and Will Saunders. They went to Parnell Tuesday morning with the body of their wife and mother, whose death occurred Sunday in a Kansas City hospital, where the funeral services took place, the burial near Orrsburg.

Home From Rochester.

Mrs. W. C. Pierce and Miss Dorothy Pierce returned late Thursday afternoon from Rochester, Minn., where Mrs. Pierce has been taking treatment at the Mayo sanitarium. Mrs. Pierce is greatly improved in health.

10:30 FOR "BEAUS"

HOUR IS NOT TOO EARLY TO LEAVE, SAYS CROY.

HIS RACE WITH A DOG

All of Homer's Troubles Might Have Been Saved Had the Hour Been Established Then.

Homer Croy, writing in Collier's Weekly on "Setting a Time Limit for Beaus," is in favor of the 10:30 limit. He tells why he favors it in the following article:

In Missouri there is an agitation among the farmers' wives to send the young men who come to call on their daughters home at 10:30 o'clock. If this plan had been adopted a few years earlier it would have saved me a great deal of suffering.

A few years ago, before my hair began to slide down my collar, there was nothing that I loved to do more than sit in a girl's parlor and discuss the great questions of the day. These great questions of the day usually consisted of how pretty her dimple looked in a low light and what marvelous expression lay in the limpid depths of her great brown eyes. I have often discussed this matter with her until midnight and then felt that I had just barely opened up the subject.

To discuss this I had to sit on the same sofa with her, and I found that I could think better in a low light. It seems that my mind works best when the light is low and when she is close enough for me to do my thinking in a whisper. I have noticed that this is especially true when her father is sleeping in the next room. There is nothing that I would rather do than discuss the great questions of the day with a girl. Especially if she is a pretty girl. I love to take her by the hand and try to explain the tariff, the Mexican situation and other deep questions that I have heard about.

I have discussed many great questions of the day with girls on the old hair sofa back in Missouri. One queer thing about the great questions that I have noticed is that no difference what question we start off on it usually ends by my telling her how glossy her hair looks in the sunlight. I can start out talking about "Our Duty to the Philippines" and the first thing I know I am telling her what a picture she made yesterday under the apple blossoms with the great, red sun shimmering through the tumbling branches and lighting up her golden tresses. As with thinking I have noticed that I can discuss great questions better if the light is turned low. I can figure out better plans for the government to follow if the light is just barely a glimmer. My best government work is done just as the light is about to go out.

One evening I went to call on a girl to discuss the Mexican situation. I started in by sitting clear across the room from her, but the first thing I knew I found myself on the same sofa with her. So deeply was I interested in the subject that the first thing I knew it was after midnight. Still I did not wish to go home as I had not yet thought up a good plan for the government to follow. I did not wish to desert the government in its hour of trouble. I was sitting there turning the plan over and over in my mind when I heard a deep, gutteral cough just on the other side of the partition. I gave this only passing heed as I had not yet settled the Mexican trouble to my entire satisfaction.

Again I heard the same cough, but still I did not wish to drop the subject, although one of my feet was fast asleep. Again came the same disagreeable cough, followed by a step, but still I thought nothing of this and continued my plans for a better, greater United States where we could all go to the theater every night and have ice cream twice a day and that I was expecting a raise in salary. Just as I had finished telling her that she was the only woman who had ever understood me, I heard a door creak on

(Continued on page 4.)

A Welcome Rally

Sunday Morning at 9:30 o'clock at the First M. E. church. We wish to greet our new pastor, Rev. Gilbert S. Cox, with 600. An automobile will call for you if you will notify Mr. John Moore.

You are cordially invited.

BOY STRUCK BY CAR.

Son of Mr. and Mrs. J. P. Norris Suffered Concussion of the Brain Thursday Evening.

Arthur Norris, the 11-year-old son of Mr. and Mrs. J. P. Norris of West Halsey street, was struck by a car Thursday evening about 5 o'clock, while on his way home from the State Normal grounds, where he had gone to see the airship flight that could not be made.

The accident at the corner of East Fourth street, near the residence of J. D. Frank, just as the boy had safely passed over the street in front of an automobile, when he was struck by a car that was coming from behind and went by the car he had passed. Luckily the blow threw him away from the car on his back on the pavement. He would have been crushed to death if the car had passed over him.

He was carried to Mr. Frank's home and his parents notified, and was taken home later, after attention by physicians had been given him. He was delirious all night, but was better Friday morning, although very restless. His physicians say he will recover.

GOT EVERYTHING IN SIGHT.

Tableau, One of the Colts Shown by J. F. Roelofson at the American Royal Stock Show.

J. F. Roelofson returned Friday morning from Kansas City, where he was an exhibitor at the American Royal Stock show.

Mr. Roelofson's colts have been winning some of the best prizes hung up at the American Royal Stock show this week. These colts are sired by Phoenix, and among them is the yearling Tableau, which was such a sensational winner at the Missouri state fair last week, and was equally so at the American Royal show this week, winning first in the yearling classes over a large field of excellent colts, then was made champion over all under 3 years old, then champion of American bred stallions, all ages competing, and also the grand championship, and last, the two gold medals awarded by the Percheron society of America. His 2-year-old Dynamo stood second in a large ring of good imported horses after winning first at the Missouri state fair last week.

VISITORS FROM COLORADO.

People Here From Famous Resort That Had 8,000 Cars of Tourists This Summer.

Mr. and Mrs. W. S. Norris of Colorado Springs, Col., arrived in Maryville Thursday on a few days' visit to J. P. Norris and family. Mr. Norris says there were 8,000 cars of visiting tourists through Colorado Springs this summer, representing every state in the Union. The city requires registration of all auto tourists who remain in the city as long as three days.

The largest number of automobile travelers that visit Colorado Springs are from Missouri, Kansas and Texas.

HAS AN AUTOMOBILE.

Rev. C. J. Miller, Who is Located in Greeley, Col., is Now Taking Joyrides.

A card from Rev. C. J. Miller, formerly pastor of the Christian church of this city, and who left here October 1 to assume the pastorate of the church at Greeley, Col., says that he has purchased an automobile. Rev. Miller seems to be well pleased with his new location, and on last Sunday had eight additions to the church. Such a beginning is quite an encouragement to him.

Filled His Ear With Wheat.

Orville Kelley, the young son of Mr. and Mrs. Ira Kelley, living northwest of Maryville, amused himself a few days ago by filling one of his ears with grains of wheat. He is being treated by Dr. F. R. Anthony, who has not yet succeeded in removing all the grains from the ear, but will in a few more treatments. The ear drum was punctured, but no serious results are expected, as serious inflammation has not set in, and the puncture will gradually heal.

Was Knocked Down by Horse.

U. Lloyd was injured on Thursday afternoon on North Malberry street when a horse ran over him. Lloyd was leading the horse down the street. The horse took fright at something along the side of the road and knocked and ran over Lloyd. He is not seriously injured but received a number of bruises on the face, arm and his knee.

Will Spend Winter With Daughter.

Mrs. Hannah Garten went to Kansas City Friday morning to spend the winter with her daughter, Mrs. C. S. Heimbauch. She was accompanied by Mrs. Nannie Epple and Mrs. Charles Hutton and son of Newton, Kan., who have been visiting relatives here, and after a short visit there will go home.

HORSE SHOW FINE

ENTRIES AMONG THE BEST EVER SEEN IN MARYVILLE.

GAVE SPECIAL PREMIUM

Barnard Men Had Fine Offerings in Class by Themselves—Who the Winners Were.

The Thursday afternoon's horse and mule show was one of the best ever given in this city, and horses from Maryville, Barnard, Burlington Junction, Hopkins, Bedford, Bolckow and Lathrop won premiums, and horses from other towns were shown. It was mighty hard work for the judges as the entries were all good.

As good weanling colts as were ever shown at a Maryville horse show were exhibited here by Charles Schrader of Barnard and Dysart Bros. of Barnard. These colts entered after the judges had made their decision in this class, being without doubt in a class by themselves and superior to the colts that the judges decided in favor of. So they gave Schrader and Dysart Bros. special ribbons. Dysart Bros. and Schrader won many prizes at the horse show held in St. Joseph last week at the Interstate fair.

Credit for the success of the show is due to Jim Andy Ford and R. P. Hosmer.

The judges in all of the rings Thursday were Fred P. Robinson of this city and W. J. Clark of Galesburg, Ill.

The winners were:

Ring 13—Best pair of light harness mares or geldings—Sam Ardery, Savannah, first; Mark Hanna, Bolckow, second; Roy Housman, Bolckow, third.

Ring 14—Best Shetland pony, to be shown under saddle by child under 12 years of age—L. J. Hanna, Bolckow, first; Frank Roelofson, Jr., Maryville, second; Harvey Dowden, Maryville, third.

Ring 15—Best single driver—Al Coleman, Hopkins, first; Arthur H. Cobb, Bedford, second; Fielding Leese, Bolckow, third.

Ring 16—Best walk, trot, canter, mare or gelding—Mark Hanna, Bolckow, first; J. F. Davis, Bolckow, second; M. Safely, Hopkins, third.

Ring 17—Best five-gaited saddler, mare or gelding—R. G. Mundy, Lathrop, first; J. F. Davis, Bolckow, second; Frank Craig, Bolckow, third.

Ring 18—Best saddler or road-bred colt—Del Appleby, Maryville, first; Clark Andrews, Maryville, second; Lon Oakerson, Skidmore, third. In this ring special ribbons were given to Charles Schrader of Barnard and Dysart Bros., also of Barnard. These two colts did not come into the ring until after the judges had made their decision.

Ring 19—Best saddle or road-bred colt—Charles Schrader, Barnard, first; Charles Callemas, Burlington Junction, second and third.

Ring 20—Best saddle or road-bred 2-year-olds—C. H. Cobb, Bedford, first; Ora Carr, Maryville, second; Dysart Bros., Barnard, third.

Exhibited Some Fine Apples.

Lewis Annan of Clarinda, Ia., had an exhibition of nineteen varieties of apples on display at the information booth on Thursday. They were a fine lot of apples and were admired by a large number of people.

THE WEATHER

Probably showers tonight and Saturday; cooler.

Road Rules

In order that the crossing policemen may know which direction you wish to go, drivers of automobiles will please observe carefully the following rules:

One honk of the horn—Straight ahead.

Two honks—Short turn to the right.

Three honks—Long turn to the left, keeping on right side of the white spot.

These rules are made for your protection as well as for the protection of the public.

Keep this where it will be convenient for reference.

POLITICAL NOTES.

(From Democratic Press Bureau.)

Every Democrat in Missouri was glad to see ex-Governor Folk given a prominent position in the present Democratic administration at Washington. The old factional feud has died out in Missouri, and now the party stands as one man behind the state and national administrations, rejoicing alike in the preferment of every worthy Democrat.

After December 1st the consumer will get the benefit of the following cuts in the tariff on the necessities of clothing:

Wool underwear—Old tariff, 93 per cent; new tariff, 35 per cent; saving 54 per cent.

Wool clothing—Old tariff, 79 per cent; new tariff, 35 per cent; saving 44 per cent.

Wool dress goods for women—Old tariff, 99.7 per cent; new tariff, 35 per cent; saving, 64.7 per cent.

Cotton clothing—Old tariff, 50 per cent; new tariff, 30 per cent; saving 20 per cent.

Cotton collars and cuffs—Old tariff, 64 per cent; new tariff, 30 per cent; saving, 34 per cent.

Cotton stockings—Old tariff, 75 per cent; new tariff, 40 per cent; saving 35 per cent.

Cotton underwear—Old tariff, 60 per cent; new tariff, 30 per cent; saving 30 per cent.

Trimmed hats—Old tariff, 50 per cent; new tariff, 40 per cent; saving 10 per cent.

This ought to help the man with a family to clothe very materially.

The state Democratic administration stands for better schools and better roads. Two pretty good planks to go before the people upon, thank you.

A few years ago the Republicans charged that the Democratic party was a party of obstructionists; that it had no adhesive qualities; that it could not carry any issue to a successful conclusion. But all of that prophecy has been doubly discounted now. The Democratic party that does things, that gets results, that enacts its platform into statutes, and the Republican party is the party of obstructionists. The only part of its harness the elephant uses now is its pull-back straps.

As we understand it, the new currency law proposes to take the control of the money of the United States out of the hands of the government. Such an arrangement would make it impossible to pull off a "made to order panic" in order to force congress to do the bidding of the money changers of Wall street. If the new currency bill becomes a law, when you have money in a bank, you can always get it when you want it.

The Progressive party is a bit shy about lying down with the Republican party in the political pasture next year. It is safe to say that if the two parties get together, the young Bull Moose will be inside of the old Elephant.

Governor Major was elected for a term of four years and the governor says that he will serve his term out if he lives. That's a pretty good brand of genuine Democracy, thank you.

Mr. Republican, be not deceived. Democracy is not mocked, for whosoever the Democratic party nominates for United States senator next August the people will elect to the senate at the general election.

Jay Drivers.

The following editorial from the University Missourian of Columbia pertains to Maryville and should be heeded:

In this age of motor-driven vehicles it is perhaps well for us to make our point of view, our opinions and our laws conform to the convenience of the motor drivers. But it is not necessary for us to risk ourselves, our children and other people's children to whims of the jay driver.

And Columbia has these jay drivers too. There are reckless chauffeurs on the streets of this city at all times. They are men who have forgotten, probably deliberately that Columbia has speed ordinances. They know it is impossible for the police to be at all parts of the city at all times, and they take a chance on this fact.

Not many of them are caught. It wouldn't do much good if they were—only a small fine. But let's look at the proposition from another angle. Let us—the drivers, the police and the citizens—face the danger thinkingly and do our part to minimize it. It will be too late if we wait until there has been a serious accident.

Another Packed House.

Another packed house at the big tent last night to witness "Lena Rivers" presented by the Angell company. The play was well presented last night and brought out some extra strong acting in the different parts. The Chicago Ladies' Orchestra gave a pleasing musical program, which was enjoyed by the large audience. Tonight the company presents their big feature play "Ishmael," and we would advise the show going public if they want seats tonight to go early for the tent will not be able to hold the big crowd tonight that are anxious to see this great play.

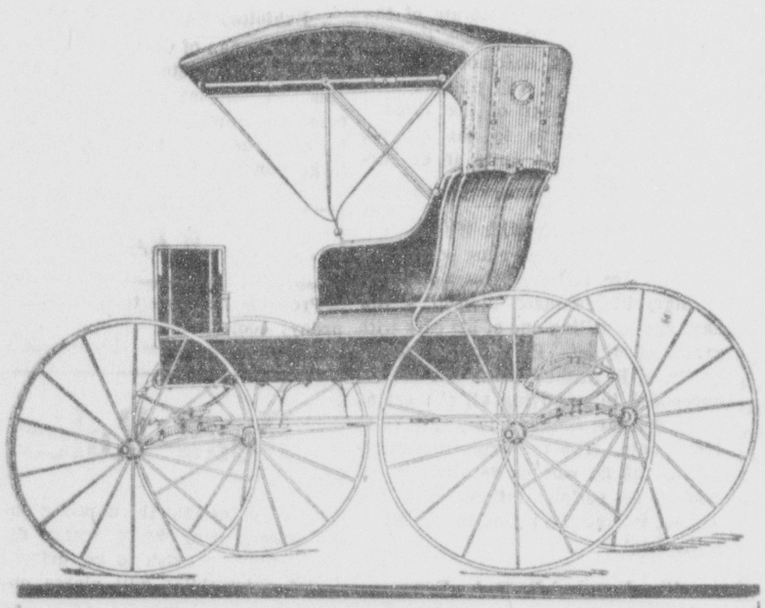
A big feature play, "Ishmael," tonight by Angell's big company at the big tent.

Mr. and Mrs. Frank Seither of Cleveland, O., who have been visiting here with Mr. and Mrs. T. J. Hurley, left for their home Thursday, stopping in St. Louis for a short visit.

Mr. and Mrs. C. R. Watson of Guilford were guests of Miss Florence From for the fall festival Thursday.

NOTICE AUTOMOBILE OWNERS.

W. H. Whitney in now located at Knox's garage where he is fully equipped to do all kinds of auto repairing. He would be glad to see all his old friends.



Staver 1914 Line

Of fine high grade pleasure vehicles have many exclusive features not found on ordinary Carriages and Buggies.

You will enjoy riding in a Staver—the easiest riding vehicles in the world. Sold only by

Maryville and Burlington Junction

News of Society and Womens' Clubs

Married in Omaha.

Miss Sylvia Webster, daughter of Mr. and Mrs. W. A. Webster of South Vine street was married Thursday in Omaha to Mr. Coil Pullman of Sidney. The bride came to Maryville only a short time ago with her parents to make her home. She went to Omaha Thursday morning to meet Mr. Pullman. They will make their home at Sidney.

Wedding Party Here.

Mr. and Mrs. Edward Doran, who were married in Severance, Kan., Tuesday morning, and Mr. and Mrs. Charles Cambron of Pueblo, Col., arrived in Maryville Thursday night and are guests at the home of Mr. Doran's parents, Mr. and Mrs. William Doran. Mrs. Cambron is a sister of Mrs. William Doran. After a visit here the bride and groom will go to their home in Pueblo, where Mr. Doran is employed as an abstract writer.

Guests at the Infair.

Quite a number of relatives and friends enjoyed a gay day at the home of Mr. and Mrs. S. B. Craven of the Myrtle Tree neighborhood Thursday, when they gave a banquet at 12 o'clock in honor of their son, Arta A. Craven, and his bride, who were married Wednesday at the home of the bride's parents, Mr. and Mrs. Lincoln Partridge. The rooms were adorned with jardinieres of purple wild flowers and the table was beautiful with its center of red geraniums and sprays of geranium leaves. The guest list included Mr. and Mrs. Arta A. Craven, Rev. and Mrs. C. R. Green, Mr. and Mrs. Lincoln Partridge, Mr. and Mrs. Noah Davis, Mr. and Mrs. John Davis, Mr. and Mrs. James Craven, Mr. and Mrs. Milo Torrey, Mr. and Mrs. Edmund Harvey, Mr. and Mrs. Harley Nelson, Mr. and Mrs. Robinson Craven, Mr. and Mrs. B. F. Allen, Mr. and Mrs. Preston Seafers, Mr. and Mrs. Cooper Gooden, Mr. and Mrs. Ernest Welborn, Mr. and Mrs. Fred Curfman, Mr. and Mrs. E. C. McKee, Mr. and Mrs. C. G. Harbison, Mr. and Mrs. G. H. Null, Mr. and Mrs. A. A. Wiley, Mr. and Mrs. M. S. Casteel, Mr. and Mrs. L. E. Casteel, Mr. and Mrs. F. H. Casteel, Mr. and Mrs. J. S. Casteel, Mr. and Mrs. C. Steiger, Mr. and Mrs. I. O. Kelley, Mrs. S. S. Casteel, Mrs. Anna Stauble, Mrs. C. C. Nelson, Miss Hazel Ritchie, Misses Ruth and Oma Singery, Miss Pearl Craven, Miss Ida Green, B. S. Cox, Forrest Gooden, Dale Partridge, Orville Kelley, Doris and Ogle McKee, Lois, Mina and Harold Harvey, Fay Woodson Null, Maysel Audrey Nelson, Hazel and Wilbur Cox.

Light Rain Thursday Night.

A light rain fell Thursday evening, amounting to .03 of an inch. It was accompanied by quite an electrical storm. The lightning and rain frightened many people who had come to the festival, and the Thursday night's events were not given.

Visiting His Friends.

C. W. Spillman of Darlington, former night clerk at the Ream hotel, is in Maryville visiting his old friends. He has gone back to his old place as clerk at the McCulley house at Darlington.

Don't miss seeing "Ishmael" tonight at the big tent.

Barkhurst to the Gazette.

H. F. Barkhurst, a former city editor of the Maryville Tribune, but for the past four years with the Springfield Republican, has within the past week become editorial writer for the St. Joseph Gazette.

Left for Kansas.

Mrs. Jesse Watt and daughter, Ruby Lucile, of Healy, Kan., who have been visiting Mrs. Rebecca Gray and other relatives for several weeks, left for their home Thursday evening.

To the Fillmore Charge.

Rev. W. F. Wiley, formerly pastor of the M. E. church at Clearmont, is to take charge of the church at Fillmore instead of Bolckow, as given out in this paper Tuesday.

On Visit in Iowa.

Mrs. J. C. Allender left Friday on a visit to her sister, Mrs. N. E. Gueinsey, of Milton, Ia., and with Dr. Allender at Bloomfield, Ia.

D. A. Webster, who has been employed as a baker at Reuillard's, has gone to Burlington Junction, where he has secured employment.

Mr. and Mrs. F. Donan of Mound City are visiting in the city with their daughter, Mr. and Mrs. Walter Wray.

Mrs. Edna Manyon of Troy, Kan., returned home Thursday evening from a visit with Mrs. Alice Ritter.

W. R. C. market, Price & McNeal's, Saturday, October 12.

A big feature production at the big tent tonight, "Ishmael."

A HAPPY CHILD IN JUST A FEW HOURS

When Cross, Constipated or If Feverish, Give "California Syrup of Figs," Then Don't Worry.

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it cannot cause injury. No difference what ails your little one—if full of cold, or a sore throat, diarrhoea, stomach ache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.—Advertisement.

Paid a Good Price for Corn.

W. W. Jones paid about the highest rent for land that has ever been given in this locality the last of the week when he gave W. H. Davis a check for $425 for twelve and a half acres of corn in the field. Will rented twenty-five acres of the Davis farm, near the railroad bridge on shares. The corn looked so good that he decided he wanted it all and bought Mr. Davis' share in the field. It is one of the best pieces of corn in the country and a great deal of it will be good for seed.—Burlington Junction Post.

Mrs. A. C. Thompson, Mrs. M. M. Pollard, Mrs. W. R. Burnham, Mrs. J. D. Icke, Misses Gertrude and Etta Icke of Barnard were among the visitors at the festival Thursday.

Uncle Johnny Kime of this city, who is 79 years old, is much better Friday. Mr. Kime is in the hospital and a few days ago had an operation performed.

DR. A. T. FISHER

Chronic Diseases. Eye Disease

Pterygium, Cataract, Spectacles.

Maryville Nat'l Bank Bldg.,

MARYVILLE, MO.

Sold for $130 an Acre.

What is almost a record price for unimproved land in this locality was paid Wednesday when A. Williams bought eighty acres south of the S. H. Williams farm of Ernest Boyer, paying $130 an acre for it. Mr. Boyer bought the land four years ago of W. H. Davis for $105 an acre. He raised four good crops on it and realized an advance of $2,000 in the four years. The land is well located, being but a half mile from the city limits, and none of it was ever broken until four years ago.—Burlington Junction Post.

"Ishmael" tonight at the big tent. Go early and get a good seat.

Marriage Licenses.

Will You Succeed or Fail?

"Youth a mistake; manhood a struggle; old age a regret!"

How many lives can be summed up in those ten words? How many failures can be traced to the mistakes of those who neglected to save money in youth to meet the added responsibilities of manhood and the burdens of old age?

Begin saving right now. Place yourself beyond the reach of the fearful uncertainties that menace the future of the thriftless.

We ask you to call and let us show you how easy it is to start a bank account.

IF MEALS HIT BACK AND STOMACH SOURS

"Pape's Diapepsin" Ends Indigestion, Gas, Dyspepsia and Stomach Misery in Five Minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach, headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why they relieve sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; beside, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach trouble and indigestion in five minutes.—Advertisement.

AGAIN AFTER BEEF TRUST

House Committee to Make Another Sweeping Investigation.

Washington, Oct. 10.—Another sweeping investigation of the beef trust is assured. Representative Kinkead of New Jersey, who has introduced a resolution of investigation, was assured by the house judiciary committee there would be a searching inquiry in December. He declares the investigation will show criminal violations of the law. Whether the beef trust is seeking to exact high prices from consumers here despite free meats may be illuminated. Much of the evidence which Senator Kenyon uncovered as assistant to the attorney general is likely to be utilized.

"Hunger Strike" Is Played Out.

London, Oct. 10.—The belief of the militant incendiaries that under the "cat and mouse" act they were assured speedy release from prison by "hunger striking" and could then repeat their offenses received a rude shock by the announcement of the home secretary that Miss May Richardson, who has been in prison since Oct. 4 on the charge of arson and who has been refusing food since her arrest, would not be given her freedom. The prison authorities have been instructed to resort to forcible feeding, if necessary, to prevent the women from starving themselves to death.

Oil Suit Up to Supreme Court.

Denver, Oct. 10.—The legal issues involved in the suit of the federal government against the Midwest Oil company were sent for solution to the supreme court of the United States. A list of six questions, prepared by the judges of the United States circuit court of appeals, was certified, filed, then mailed to Washington. Upon the opinions of the supreme court on these questions depends the title to millions of acres of oil lands in Wyoming and California, which the government seeks to retain to furnish a supply of fuel oil for the navy.

England Takes Over Opium Monopoly.

Hongkong, Oct. 10.—The British government has decided to establish an opium monopoly in Hongkong at the expiration of the present agreement and it is thought that with the control of the traffic in the hands of the government its gradual suppression will be easier.

Hawthorne's Term Nearly Finished.

Washington, Oct. 10.—Julian Hawthorne, the author, and Dr. Morton, sentenced with him to Atlanta penitentiary after conviction of complicity in using the mails to defraud, will be free men again next Wednesday, when their terms expire.

BOOTH'S HYOMEI

Has Benefited Thousands of Catarrh Sufferers—Will Do the Same for You or Money Back.

The Hyomei treatment that has effectively benefited many thousands of sufferers from catarrh, bronchitis, husky voice and colds in the head, is easy and pleasant to use. Just pour a few drops in the inhaler and breathe it in—no stomach dosing. The healing, soothing and antiseptic air will reach every nook and crevice of the mucous membrane of the nose and throat; will surely stop crusts in the nose, raising of mucus, hawking and that choked-up feeling. It will quickly allay the inflammation and banish the disease or money refunded by the Orear-Henry Drug Co.

A complete Hyomei outfit, including inhaler and bottle of liquid, costs only $1.00, and an extra bottle of liquid, if afterward needed, is but 50 cents.

SOLDIERS INVADE NATIONAL CAPITAL

President Reviews Brigade Assembled From Several Posts.

SEES LATEST CAVALRY DRILL.

Maneuvers Are Made in Troop, Squadron, Regimental and Brigade Formation Under New System of Tactics—Col. Murray in Command.

Washington, Oct. 10.—The brigade of khaki-clad soldiers which invaded Washington to pass in review before President Wilson disbanded today and was sent to the different posts from which it was assembled.

The review was planned especially to show the great advance made in cavalry tactics. The men constituted the strongest regular mounted force of the army that has passed before a president since the close of the civil war.

With the review over the maneuvers immediately followed. The tests were made in troop, squadron, regimental and brigade formation. One feature of the new system was the drills without bugle calls or shouted commands. Save for the clatter of the horses' feet, absolute silence prevailed.

Intricate drills showed the latest skill and horsemanship resulting from following since mid-summer a program of exercises formulated by a board which within a year returned from Europe, where the cavalry systems of Germany, France, Italy and England were studied. The brigade was commanded by Colonel C. H. Murray.

SULZER TRIAL NEARS END

Governor's Attorney Denies All Charges—Parker Talks for Assembly.

Albany, N. Y., Oct. 10.—A picture of Governor Sulzer as a man of integrity, but poor business ability, a general denial of all charges against him and a charge that unfair tactics were used by counsel for the board of managers, marked the first of the final arguments in the impeachment trial, delivered by Louis A. Marshall.

Alton B. Parker, for the assembly managers, denounced the governor as one whom the "uncontradicted proofs which have been spread upon this record" showed was no longer "fit to be the chief executive of this state" and for whom it was "absolutely impossible ever to regain the confidence of the people."

The governor knew, Judge Parker said, that when he signed the statement of campaign contributions, placed before him by his secretary, Louis A. Sarecky, "that the statement was untrue."

Attorneys for each side were allotted five hours for making their summing address. It was believed that at the end of the arguments tonight the court would adjourn over Monday, which will be observed as Columbus day, until Tuesday. Then voting on the constitutional objections to the impeachment articles, brought by attorneys for the defense and the impeachment articles themselves will begin.

WILL NOT DRAW COLOR LINE

Nebraska Athletic Board Turns Down Protest of Kansas.

Lincoln, Oct. 10.—The Nebraska athletic board decided to turn down the protest of the University of Kansas and the Kansas Aggies against Clint Ross, Nebraska's big guard, on color lines. Secretary Clapp was notified to immediately wire the Kansas schools of the action of the board.

Not a dissenting vote was cast against the resolutions, which Coach Stiehm himself drafted, declaring Ross eligible to participate in the games. The resolutions called attention to the fact that Nebraska had never enforced the color line and had always allowed colored players to participate. The board took the attitude that now was not the time to invoke the rule.

The sentiment prevailed that both schools were protesting from insincere motives. Nebraska's action may lead to an athletic split between Nebraska and Kansas, but the board announced that the resolutions passed indicated its final attitude in the matter.

CONDENSED NEWS

Prince Ernst has yielded to the kaiser's wishes and will not seek the Hanover throne.

A strong earthquake shock, lasting twelve seconds, occurred at Messina, Sicily, and caused considerable panic just at the time when the American Red Cross orphanage was being opened at Palmi.

Upon hen "C 543" the Oregon agricultural college has conferred the title of "the greatest hen in the world." She has just laid her 283d egg within a year, making what is said to be a world's record.

Hugo Lewis, a race driver, was fatally injured in a collision with Jack Lanbin's car at the Vincennes (Ind.) auto races. Lewis is a son of Mrs. J. A. Boolsel, a wealthy oil well owner of Bridgeport, Ill., who was an eye-witness.

Proposed church legislation on marriage and divorce occupied the attention of the house of deputies at the triennial general convention of the Protestant Episcopal church at New York.

R. P. HOSMER, Auctioneer

PRESIDENT SETS OFF DYNAMITE

Wilson Touches Button Blowing Up Gamboa Dyke.

Washington, Oct. 10.—President Wilson pressed a button at the White House this afternoon, releasing an electric current that traveled over land and under sea to the Panama canal and exploded a charge of dynamite which destroyed Gamboa dyke, the last great physical obstruction to the opening of water communication between the two oceans, although the wreckage of the dyke and two earth slides, one at Cucaracha and another at Gold hill, must be cut through before the canal actually can be opened.

The spark exploded the thousand charges of dynamite which had been buried in the 300 feet of dyke which stood between Gatun lake and the famous Culebra cut.

Destruction of Gamboa dyke was celebrated all along the Pacific coast.

YUAN'S INAUGURAL MESSAGE

Emphasizes Friendly Intentions of New Chinese Government.

Peking, Oct. 10.—The friendly intentions of the Chinese government toward foreign interests were strongly emphasized in President Yuan Shi Kai's inaugural message to parliament today. On this subject he said:

"The attitude of the foreign powers toward us has always been one of peace and fairness. They have given us cordial assistance whenever the occasion arose. This, of course, is due to the civilization of the world, yet all the same we highly appreciate the good will of the friendly powers. It is most important for all citizens of the Chinese republic clearly to understand this and to endeavor to strengthen international friendship.

"With sincerity I hereby declare that all treaties, conventions and other engagements entered into by the former Manchu and provisional republican governments with foreign governments shall be observed and that all contracts duly concluded by former Chinese governments with foreign companies and individuals shall also be strictly observed.

"Further, I declare that all rights, privileges and immunities enjoyed by foreigners in China by virtue of international engagements, national enactments and established usages are hereby confirmed.

"This declaration I make with the view of maintaining international amity and peace."

Mrs. Nora Michael and daughter of Marshall, Okla., are visiting in the city with Mrs. W. B. Blachley and Mrs. Arthur Warren.

S. G. Massie and family of Hopkins were fall festival visitors Thursday, and were accompanied by Miss Cora Elliott of Bolckow.

Public Sale

M. NUSBAUM

TOTAL CORN YIELD IS 2,373,000,000 BUSHELS

Condition is Sixty-five Per Cent of Normal.

Washington, Oct. 10.—With the garnering of the crops of the country, the department of agriculture continued its preliminary estimates of the production of these crops in the October report of the crop reporting board.

Details of the report, with comparisons for other years (condition figures relate to Oct. 1, or at time of harvest), follow:

Corn—Condition, 65.3 per cent of a normal, compared with 65.1 per cent on Sept. 1, 1913; 82.2 per cent in October, 1912, and 80.6 per cent the ten-year average in October. Indicated yield per acre, 22.2 bushels, compared with 29.2 bushels in 1912. On the planted area, 106,884,000 acres, it is estimated that the total yield will be 2,373,000,000 bushels, compared with 3,125,000,000 bushels harvested last year.

All Wheat—Indicated yield per acre, 15.2 bushels, compared with 15.9 bushels last year, and 14.5 bushels, the average yield, 1908-12. On the planted area, 39,601,000 acres, it is preliminarily estimated the total final production will be 753,233,000 bushels, compared with 730,267,000 bushels harvested last year.

Oats—Indicated yield per acre, 29.5 bushels, compared with 37.4 bushels last year. On the planted area, 38,341,000 acres, it is estimated the total final production will be 1,122,139,000 bushels, compared with 1,418,337,000 bushels harvested last year.

Jury in Ferris Case Again Disagrees.

Los Angeles, Oct. 10.—A second jury disagreement was entered in the case of Ralph Sterling Ferris, a wealthy young man of Rawlins, Wyo., who has been tried twice for the death of Michael Wiezorek, a seven-year-old boy, run down by Ferris' automobile. The jury was out five and a half hours. In a civil suit recently the father of Ferris' victim obtained a $10,000 verdict.

GUILFORD NEWS ITEMS.

Quite a storm raged east of Guilford during Thursday night. Corn shocks and trees were blown down, and hail and lightning came plentifully with the rain. The rain was general over this part of the county.

H. C. Wilson has bought the blacksmith shop of Peter Wolf and has taken possession.

Davis Brothers are selling off a car load of Nebraska range horses here. They are good stock, but the buyers are having a peach of a time breaking them and getting them home.

Mrs. Catherine Miller of Maryville is here on a visit to her sister, Mrs. Rosa Wilson.

Hugh Whitford and Chester Wilson returned Thursday night from the American Royal stock show at Kansas City.

Bachelor Hermit Leaves Half Million.

Decatur, Ill., Oct. 9.—John Bowman, aged sixty-two years, an eccentric bachelor, died at Stonington. Though possessing over $500,000, Bowman lived a hermit's life for years. He had a hobby for collecting musical instruments and automobiles and his house and garage were overloaded with them.

Religious Maniac Kills Three and Self.

Liverpool, Oct. 9.—In a fit of religious mania a youthful church worker here, William McDonald, ran amuck with a loaded revolver and killed three of his fellow church workers. He then committed suicide. Four young people were active workers for a sect known as the "Church of Humanity."

Davenport Motor Concern Bankrupt.

Davenport, Ia., Oct. 9.—The Western Implement and Motor company of Davenport was forced into involuntary bankruptcy by the action of creditors, who secured the appointment of a receiver from Judge Smith McPherson. The company is said to owe $100,000 and have $50,000 assets.

Guests From Iowa.

Mr. and Mrs. Worth Young of Greenfield, Ia., are here for a few days' visit with Mr. and Mrs. W. A. Webster of South Vine street.

W. R. C. market, Price & McNeal's, Saturday, October 12.

Miss Beulah Morley and Miss Katherine Nevins of Bedford were visitors in town Thursday.

Mrs. Morris Stokes and daughter of Craig are fall festival guests of Mrs. Sarah Willard.

Mrs. Charles Wilson of Hopkins was a business visitor in Maryville Wednesday.

Mrs. M. G. Tate and Miss Jeannette Tate went to St. Joseph Friday morning.

Mrs. V. Adkins of Barnard was the guest of Mrs. G. L. Allen Thursday.

W. R. C. market, Price & McNeal's, Saturday, October 12.

Merle Selecman, is confined to his home with sickness.

10:30 FOR "BEAUS"

(Continued from Page 4)

its hinges and in a moment I felt a strange hand on my coat collar. There were hands that I did not mind having around my coat collar, but I felt an immediate distaste for this one.

The feeling was mutual, for in a moment I noticed that my feet were not touching the floor, and in another second I found myself in the yard sitting on my elbow. At the same time I felt a tightening at the seat of my trousers and turned to observe that Napoleon, their dog, was there. I arose to my feet as best I could with Napoleon hanging on and started home. A school house was two miles out; it seemed no time until we had reached it. There I left Napoleon behind, panting and discouraged, but he had put up a good exhibition of running. I had never before been thrown with a dog who was so good on his feet. In a few minutes I was home, although it was usually considered a good morning's drive. I am with the Missouri women heart and soul in their efforts to make it an established custom that young men callers leave at 10:30 o'clock. If this had been the custom a few years earlier, it would have saved much suffering on the part of a brilliant young student of the great questions of the day.
